

Planned Parenthood Vendor List

(This list excludes US Postal Service, UPS, FedEx other D.O.T. carriers who by law must deliver packages)

List order: **First:** Original contractor during construction **Second** = Ongoing Vendors **Last** = Served at Good Friday's counter protest

Please pray for the owners, CEOs and other directors of these companies. Ask God to change their hearts and move them to act morally, quitting their work for Planned Parenthood. Please contact these contractors who have decided to build a new killing center in St. Paul. Be civil, but firm in your contact. Let them know that they need to show moral integrity and cease their work for Planned Parenthood. And let them know you will not use their services unless they repent of aiding in this evil.

Original contractor during construction:

Please note: All of the listed contractors have worked at the building site for the new Planned Parenthood mega-abortion facility. All have been photographed on the job on multiple occasions. Every listed contractor was mailed a letter from Pro-Life Action Ministries with thorough information regarding Planned Parenthood and its involvement in killing unborn babies. Two contractors which responded directly to Pro-Life Action Ministries were either taken off the list or not added because of the explanations given. None of those remaining on the list have replied to us. Adequate time was given prior to listing these contractors here.

Planned Parenthood Vendor Letter:

This is a **suggested** format for a Planned Parenthood vendor. Please keep your **letter respectful in tone and request that they cease lending their services to Planned Parenthood**. You can send an email, but in this age of information overload a typed or very neatly hand-written letter will be read first.

We have made a best effort to give the name and title of the highest ranking person of the organization. Please make sure his or her name is on your envelope above the company name when you mail it.

The letter below is a suggested format, your letter may have some facts taken from the one below, but make your letter your own, with your own personality.

Thanks for participating, your prayers and will accomplish much.

Brian Walker, Program Director

Pro-Life Action Ministries

651.797.6363

Sample Letter

Dear: (name & title)

It has come to my knowledge that you are a vendor for and or were an original contractor for the construction of Planned Parenthood's regional headquarters and abortion facility (671 Vandalia Avenue) in Saint Paul's Midway section.

I am disturbed that your business would lend its expertise and experience to Minnesota's largest promoter and provider of abortion. Your services have enabled Planned Parenthood MN/SD/ND to build and operate the third largest abortion facility in the United States where 4,370 children were killed by abortion last year. (MN Dept. of Health)

I am demanding that you stop being a vendor to Planned Parenthood enabling them to continue killing babies.

Planned Parenthood also promotes sexual practices and promiscuity with our youth with their “comprehensive sex education” in our schools encouraging our children to discard the traditional values and input from their parents or guardians. You can view some of these deviant sexual promotion at: www.plannedparenthoodexposed.com

I’d appreciate a reply as soon as possible. Your answer will help me determine if I will do business with your company in the future and recommend the same for my family, friends and business peers. Thank you for your time.

Sincerely,
Your name
