40 Days for Life Twin Cities Fall 2017, and More!

by Rev. Brian Walker
Program Director

Ten years ago Pro-Life Action Ministries began organizing 40 Days for Life Twin Cities. It was my first assignment as the new Program Director. Over 10 years, 40 Days for Life Twin Cities has had hundreds of participants representing various denominations. It has been a whirlwind of activity and it’s hard to believe it’s been 10 years. Thank you to all participants who have prayed, fasted, handed out literature and hung thousands of door tags, all to uphold the sanctity of life and end abortion in the Twin Cities. A special thanks to all of the faithful pastors, and ministry and community leaders who have spoken out from the pulpit and led their congregations onto the sidewalk with enthusiasm and humility.

There were numerous highlights over the past 10 years, but two stand out: babies saved as a result of participants peacefully praying and sidewalk counseling on the sidewalk outside Planned Parenthood (including five this fall!), and the closing of the late-term abortion unit housed in HealthPartners’ Regions Hospital at the end of the 40 Days for Life Twin Cities Fall 2011 campaign.

Fast forward to fall 2017 as we wrapped up 40 Days for Life Twin Cities. This fall we featured our popular ADOPT-A-DAY program where a church or organization “adopts” a day and schedules two or more participants per hour praying outside Planned Parenthood throughout the day. Twenty of the 40 days were adopted and this year there was an unusually wide age range, from older, seasoned 40 Days veterans to newborns strapped to mom’s back!

New churches just “showed up” and a group of young mothers did the same as a result of group prayer the previous day. It’s a good sign that groups are taking the initiative and coming out to pray. Well, maybe one more highlight — for the first time my church participated and another member of our men’s group and I shared a 12-hour shift praying in front of Planned Parenthood.

Save the date for 40 Days for Life Twin Cities Lent 2018: February 14-March 25.

A quick word about some upcoming events for the rest of the year and 2018: Caroling for Life is an event that’s new to the Twin Cities, but not new to Pro-Life Action Ministries’ Central Florida branch. Michele Herzog, Central Florida Director, and her team have been holding Caroling for Life at abortion facilities in the Orlando area for years. They have documented saves just as a result of abortion-bound mothers hearing Christmas carols being sung as sidewalk counselors

A Baby Saved

It was the summer of 1990. We were in the throes of large-scale rescues, increasing our sidewalk counseling presence and tackling what eventually became the Target Corporation over funding of Planned Parenthood (something they ceased after a ten-year boycott led by us).

One of our sidewalk counselors contacted the office and spoke to Debra Braun. She had received a phone call from the mother-in-law of a woman with an abortion appointment scheduled for the next morning at Ramsey Hospital (which later became Regions Hospital). With strong encouragement from Debra, the sidewalk counselor went to the woman’s residence that evening.

The woman listened to the sidewalk counselor and accepted the help offered. She chose that evening not to go through with the abortion, she accepted Christ into her life, and she decided to give the baby up for adoption. And the sidewalk counselor told the woman that she had the perfect couple to adopt the baby, knowing that my wife, Julie, and I were in the process already.

Six months later our oldest child was born. The woman went through with her precious daughter. Julie was in the delivery room while I paced back and forth, in traditional form, across the hall.

Six months later our oldest child was born. The woman went through with her precious daughter. Julie was in the delivery room while I paced back and forth, in traditional form, across the hall.

The sidewalk counselor told the woman that she had the perfect couple to adopt the baby, knowing that my wife, Julie, and I were in the process already.

Throughout the years, we have been very careful not to tell this story publicly. Julie, with great wisdom, thought it best for our daughter and her birthmother that we keep this secret, with our daughter not needing to know while growing up that she could have been aborted and that this truly was the birthmother’s story to tell, not ours, to our daughter.

I am telling this story now after all these years because of a couple of very important events. About a year ago, our daughter’s birthmother reached out to us through the adoption agency, asking us to forward a message to our daughter. They made contact and eventually met a few times. During one of the meetings, our daughter was given all sorts of letters, photos and documents that her birthmother had kept throughout the years (we sent letters at Christmas time each year with pictures). One of those documents was an intake form from the adoption agency with the information regarding the scheduled abortion appointment and the connection with Pro-Life Action Ministries.

My daughter and I had an in-depth conversation regarding this information this past summer and she has since granted me permission to speak about this publicly.

For all these years, we have had a constant reminder right in our home of the goodness of God working through Pro-Life Action Ministries. And it was extra special for me when, by God’s grace, Regions Hospital closed its abortuary.

Is Pendergraft Above the Law?

by Michele Herzog
Director, Central Florida Branch

Once again, late-term abortionist James Pendergraft has skirted his way out of the full and complete punishment he so deserves, with his four abortuaries here in the sunshine state remaining open for the business of killing little baby boys and girls.

Pendergraft found himself in trouble once again when he was pulled over for a routine traffic stop in October 2015, at which time sheriff’s officers in South Carolina found drugs and bloodied equipment with human tissue from abortions he had been committing in his trunk. Sheriff Chuck Wright announced Pendergraft’s arrest by saying, “He traveled around the state of South Carolina without a medical license, with drugs and with medical tools, performing in-home abortions. So basically, we got an illegal baby killer.”

This traffic stop led to ten drug charges, including manufacture or possession of a controlled substance, possession of marijuana, possession of narcotics, and possession and distribution of prescription drugs without a prescription.

Unfortunately, sadly, and to the shame of the police department in Spartanburg, NO charges were filed against him for the abortions he was committing in South Carolina, with no medical license, or the whereabouts of where he was performing these illegal abortions!

Finally, two years later, after many postponements, Pendergraft pled guilty to all ten drug charges, and unbelievably, but not shockingly (as he always seems to get away with his crimes), he was given five years of probation and fined $26,342.25. Court documents also state that Pendergraft is prohibited from ever applying for a medical license in South Carolina.

While all of this took place going back to his arrest, Pendergraft didn’t even have a medical license in Florida; it has been suspended five times (the fifth time indefinitely) and was recently suspended for the sixth time!

He also was fined more than $36 million in 2011 for a botched abortion (he has paid only about $100,000) and has spent time in prison for tax evasion. His main abortionist, Randall Whitney, has assaulted abortion clients while they were on the table. In one case, Whitney had repeatedly missed the vein in which he was trying to inject Valium. The woman screamed in pain and Whitney slapped her across the face, commanding her to “shut up.” She jumped off the table and ran out of this Orlando killing center! Whitney was later arrested and charged with assault.

The Florida Agency for Healthcare Administration filed complaints against Pendergraft’s abortuaries in February 2016, stating that he could not pass a Level 2 background check due to his South Carolina arrest, and therefore, no longer qualified for his “ownership interest” in his abortion centers. So, we are calling for the Florida Agency for Healthcare Administration to follow through with the complaints and hold this illegal abortionist accountable!

And for all the pro-abortion advocates who claim to care about women, where are you? Not a peep from the feminists who wave coat hangers around in our faces, or a concern for abortion clients who would hire someone in the Pendergraft abortion chain. Not surprising to me, I have actually read several defending Pendergraft, so we see that the safety of women is not really the concern for these folks!

Please pray along with us, that Pendergraft will truly be held accountable, and that his four remaining abortuaries in Tampa, Orlando and Fort Lauderdale will be shut down, and for good! And please pray that he would bow his knees to the Creator of this universe, repent of the shedding of innocent blood, and surrender his heart to Christ! This we ask in Jesus’ name!

Editor’s note -- A Michigan abortionist, Michael Roth, was also caught in 2015 doing home abortions from his trunk using drugs and abortion instruments stolen from an abortion mill where he had been employed. He pled “no contest” to three felony counts of larceny and will be sentenced on December 7.

Forces of Opposition

by Sarah Winandy
Assistant to the Director
Duluth Branch

Have you ever considered how much pro-life work requires spiritual preparation in order to stand in this evil day? (Ephesians 6:13) We “armor up” because our goal is for God to be honored and for babies’ lives to be saved from a hideous death and the souls of people to be saved through the message of Life, the gospel of our Lord Jesus Christ.

We eagerly look for opportunities to share that message with those passing by on the sidewalk and especially to parents on their way to the abortion clinic on the abortion days. Our days on the sidewalk are often a time where people will curse or shout terrible obscenities at us. We are careful to obey the Lord’s instruction to “speak the truth in love,” but too often these days, “Truth is hate to those who hate the truth.” It’s no wonder we will get a chalked message on the sidewalk that refers to us as “Haters” or another that says “Be kind - stop the hate Sarah.” Below is one of these messages written in chalk the night before an abortion day on the sidewalk at the Building for Women.

Of course there are other wonderful ways to communicate the message of Life and the gospel. Our Cemetery of the Innocents has effectively reached thousands of people, but as in past years, the message is not always welcomed. Cloverland Bible Baptist Church had the crosses on the front lawn, but someone didn’t like it at all. On a very stormy night someone took the time to tear down the crosses. Thankfully God’s people showed up and put them back up first thing in the morning!

Our ministry van has also been an effective way to speak to thousands throughout the country with the picture of an unborn 14-week-old baby and words on the side of the van that say “Fearfully and Wonderfully Made.” The scripture message on the back says “Truly, truly, I say to you, whoever hears my word and believes him who sent me has eternal life. He does not come into judgment, but has passed from death to life.” (John 5:24)

All are powerful messages for Life. So when we took the van into Sears Auto Repair and got a new battery it happened that a little over a month later we had some electrical problems. So taking a look at the engine we discovered that the new battery we had just bought has a very evil message written on it: “Hail Satan.”

Sears Auto Repair was very unhappy about this; it had to be one of their mechanics. They are graciously replacing the “unclean battery” with a new “clean” one.

Pray for those who oppose us for they are not our enemies; we love them and would like them to know the truth and be saved. Let’s remember, “For we do not wrestle against flesh and blood, but against the rulers, against the authorities, against the cosmic powers over this present darkness, against the spiritual forces of evil in the heavenly places.” (Ephesians 6:12)

lovingly offer alternatives to aborting their child.

Caroling at abortion facilities is another way to bring the peace and truth of God to the sidewalk at death’s door. Caroling for Life will be held on Saturday, December 16. Details have yet to be determined. If you are interested, we’re compiling a list to get back to you. Call me at (651) 797-6363 or email brian.walker@plam.org with “Caroling for Life” as the subject. Spread the word and talk to your choir director or praise leader. It will be cold but we can warm the atmosphere with our praise, and save lives as well!

STAND! will continue into 2018 on the 4th Saturday of the month from 9:00 - 10:00 a.m. The next three—November 25, December 23 and January 27—will be held at Whole Woman’s Health, Parkside Professional Center, 825 South 8th St., Minneapolis, MN 55404.

STAND! is designed for participants unfamiliar to praying in front of an abortion facility. A Pro-Life Action Ministries staff person will be there to provide guidance and encouragement. Call (651) 797-6363 with your questions about parking or other concerns.

Finally, the 45th Anniversary of Roe v. Wade Prayer Vigil will be held Monday, January 22, at Planned Parenthood in St. Paul from 8:00 - 9:00 a.m. Save the dates, spread the word and participate.

Have a blessed and peaceful Thanksgiving and Christmas. See you next year.
Annual Life Banquet

Dr. Anthony Levatino, a former abortionist, was the keynote speaker at our Annual Life Banquet in St. Paul October 9. He gave a stirring account of his profound conversion to the pro-life side, educated audience members about the very disturbing reality of the abortion industry through his presentation and widely-seen videos produced with Live Action, and challenged attendees to greater action on behalf of unborn children.

Below is a scene from one of the two “Baby Saved” testimony videos shown at the banquet. Shakari also spoke in person at the banquet and received a standing ovation while showing off her precious son, Kai, saved from abortion with the help of Pro-Life Action Ministries. Shakari and her older sister were also saved from abortion nearly 30 years ago with the help of one of our volunteers, and in the video, Shakari tells of three women she has already helped convince not to abort just since her baby was saved! Go to our website, plam.org, to view Dr. Levatino’s presentation, Brian Gibson’s ministry update and these beautiful testimony videos.

“Survivor” Brochure Helps Mom Make Choice for Life

by Stacy, Weekly Sidewalk Counselor

While I was sidewalk counseling at the St. Paul Planned Parenthood (PP) during 40 Days for Life, I noticed a woman who appeared to be trying to find the entrance. She entered the bank parking lot next door so I went over and was able to talk to her in the driveway. I normally only hand out the “We’re Here for You” brochure, but for some reason (thank you God), I handed this woman the “Survivor” brochure also (which is specifically about the abortion pill). I encouraged her to go to the nearby pregnancy help center, but she kept saying she had an appointment at PP that she had to keep. I told her to be sure to read the information that I had given her.

About an hour later as she was leaving PP, she asked me how to get to “that place,” meaning the pregnancy center. On the way there, she told me she wasn’t sure that PP had been completely truthful with her about the side effects of the abortion pill. They apparently told her there were no side effects. She said she read our

brochures while she was waiting and she knew they had lied to her. I told her that she had made the right decision and she would never regret it. She nodded her head in agreement, with tears streaming down her face.

Thank you to all the prayer warriors who intercede for and cover these women and babies in prayer! There was such a wonderful group of people out there praying. Thank you for being there.

The following gifts were sent to Pro-Life Action Ministries:

Pray for . . .

Frank Rodriguez

Frank Rodriguez, a circuit-rider abortionist, has been committing abortions in Florida for over twenty years, traveling around the state, killing thousands of innocent unborn children. He presently is one of the main abortionists for James Pendergraft, who recently pled guilty to ten drug counts and is on a five-year probation, on top of having his medical license suspended six times! (See page 3.)

Within this past year, Rodriguez went into partnership with a security guard of Pendergraft’s, in the medical marijuana field at a business called Green Relief in Kissimmee, Fla.

Please pray for Mr. Rodriguez to repent of the shedding of innocent blood and bow his knees to the King of Kings, and Lord of Lords, Jesus Christ.

Listing Abortionists

A hallmark of our ministry has been confronting the evil of abortion with the love of Christ. This approach has included publicly identifying who the abortionists (and pro-abortion leaders) are. The practice of placing the names of abortionists in this newsletter has a twofold purpose: to ask for your heartfelt prayers for the conversion of those listed and to inform you so that you are not patients of those committing abortions.

The criteria for placing someone on this list is that the individual is directly involved in committing abortions and that this has been reasonably verified. We have resoundingly condemned any sort of physical or psychological threats to anyone involved in abortion. Our desire is for the love of God to permeate the lives of those associated with abortion, that they will turn away from the harm they inflict and become followers of Christ as so many before them have done. Please pray for the following abortionists:

Is Your Doctor Involved in Abortions?

Does Your Doctor Prescribe Abortifacient Birth Control?

Ask your doctor if he/she does abortions or refers for them, or prescribes abortifacients such as the Pill, Ortho Evra (the “patch”), Depo-Provera (the “shot”), Nuva-Ring, the “morning-after pill,” implants, or the IUD. All these methods (and others) can cause very early abortions by thinning the lining of the uterus so that if breakthrough ovulation occurs (which is possible) and a new life is conceived, the young human being may not be able to attach to the uterine lining and therefore he or she dies. These methods can also be very dangerous, even deadly, to the woman. If you live in Minnesota and would like to go to a completely pro-life physician, we have a list of such doctors. Call (651) 771-1500.

Natural Family Planning

For information about the safe, effective and morally acceptable methods of Natural Family Planning (NFP), contact our office, or One More Soul at: 1-800-307-7685 or www.OMSoul.com. One More Soul has resources to help people understand how children are a great blessing from God, and how contraception is extremely harmful to women, and their marriages, and consequently to families, Church and society.

Editor’s note -- The following is condensed from an article by the Director of Citizens for a Pro-Life Society, Dr. Monica Migliorino Miller, who participated in the Michigan rescue.

On September 15 in three different cities (Sterling Heights, Mich., Alexandria, Va. and Albuquerque, N.M), pro-lifers entered abortion centers to talk to women scheduled for abortions, and by refusing to leave the clinics when told to do so by law enforcement, offered an act of non-violent defense of unborn children about to be aborted, resulting in the pro-lifers’ arrests.

Once inside, small teams of pro-lifers quietly approached mothers seated in the waiting rooms and offered them red roses as a symbol of life. Attached to each rose was a card which stated on one side, “You were made to love and to be loved ... your goodness is greater than the difficulties of your situation. Circumstances in life change. A new life, however tiny, brings the promise of unrepeatable joy.” Phone numbers of local pregnancy help centers were listed on the other side.

In addition to reaching out to the mothers, the rescuers chose to remain in the clinic as an act of solidarity with the unborn children scheduled to be killed by abortionists. (Editor’s note -- The simple presence of pro-lifers inside paralyzes the killing process.) During the Red Rose Rescue, when police officers arrived on the scene, pro-lifers attempted to continue conversation with women or sat on the floor praying quietly or singing hymns until they were placed under arrest.

In a recent e-mail, Dr. Miller wrote that no one has been charged with violating the Freedom of Access to Clinic Entrances Act (FACE). Those in Michigan have been charged with a city trespassing ordinance and rescuers in Virginia have been charged with a state trespassing statute. Fr. Stephen Imbarrato of Priests for Life, Fr. Fidelis Moscinski, CFR, Joan Andrews Bell and their three fellow rescuers will stand trial in Virginia on Nov. 20 and the four Michigan rescuers are scheduled for trial on Feb. 14.
STAND! is designed to encourage those who have never experienced praying outside an abortion facility (or who have just attended our larger events) an opportunity to do so with the help of seasoned Pro-Life Action Ministries staff and volunteers. These rallies include training in behavior and attitude. The more we are present, the more lives that are saved. Come, learn, and STAND! for life.

STAND! rotates between the four abortion facilities in the Twin Cities on the 4th Saturday of every month from 9:00 – 10:00 am. In November, December and January, STAND! will be held at the Whole Woman’s abortion mill (see calendar at right).
