**Two Abortion Mills Quit Killing, Rochester PP Resumes**

**Orlando**  
Planned Parenthood

An amazing three days of thanksgiving and celebration, giving God glory, were held November 9 to 11 for the closing of PP Orlando (and the EPOC abortuary this past spring) with rallies (including this one on the grounds of the former PP at 726 S. Tampa Ave.), worship, and prayer. Ministry opportunities included sidewalk counseling and two babies were saved at the OWC abortuary!

*by Michele Herzog, Central Florida Branch Manager*

After almost twenty years, and thousands of innocent little baby boys and girls brutally killed, the Planned Parenthood (PP) Orlando abortion mill is shut down! It is closed, and no more little babes will be led to the slaughter on that plot of ground! Thank you Lord!

Wednesday, September 26, 2018, was the last time any blood would be shed in that building, and thankfully on that day, two babies were rescued from the abortionist's knife! One of those babies was seven months along in the womb!

For all these years that this place of death was open, God's people were on those sidewalks pleading and speaking up for those who have no voice, trying to rescue the babies whose lives were in peril, worshiping, holding signs, praying, and reading the word of God on a weekly basis! *Roe v. Wade* Memorial Services, Jericho Marches, 40 Days for Life, and Caroling for Life were held in front of PP Orlando, and Jesus Loves the Little Children's Day was held monthly there for the last three years.

PP Protests, prayer vigils, worship services, and so much more were conducted for the sake of the babies! Never giving up, continuing on, pleading with God to shut that place of death down, and HE did it! The battle in the heavenlies was great, the strongholds were lifted, and satan was defeated!

What a joy it was to see the moving trucks packing things up, (continued on page 4)

**Minneapolis**  
The “Mildred Hanson” Clinic

Co-founder of Pro-Life Action Ministries, the late Br. Michael Gaworski, was arrested while leading the rally on the public sidewalk during a March 10, 1988 rescue at Mildred Hanson’s abortion center (see additional photo on page 4). This was one of two rescues we conducted at that location, along with many other prayer rallies, pickets and regular sidewalk counseling since the mid-1980s.

*by Debra Braun, Education Director*

We have just learned that Marilee Hanson, 57, is no longer doing abortions at the Park Avenue Medical Office Building (710 E. 24th St.) in south Minneapolis. She is retiring from her private practice there, with the last babies killed in late November. Hanson is an ob-gyn and practiced in the Boston area before returning to Minnesota about 15 years ago, when she joined her mother, well-known abortionist Mildred Hanson, at that independent abortion mill. The older Hanson died in 2015, having committed abortions for more than 40 years (including illegally before *Roe v. Wade*). Tens of thousands of babies have been killed in that building by this mother/daughter team.

Pro-Life Action Ministries conducted many rallies, pickets, prayer vigils, and rescues there since our ministry began more than three decades ago. And thanks to the committed sidewalk counselors who were there weekly, many lives were saved!

This is all the information we have at press time. We have kept Hanson’s name on our “Pray for” list on page 6, because we don’t know if she will continue to kill at any of the remaining abortion mills in the area. Please pray for her that she will stay out of the abortion business completely and permanently, repent, and turn her life over to Christ!

What Happened?

The midterm elections did not go well except for some exceptions in a few places around the country. Republicans lost control of the House of Representatives while picking up a few seats in the Senate. In Florida, more than a week after the election, the governor and U.S. Senate races were still in a recount. In Minnesota, pro-abortion candidates won the House, Governorship, both U.S. Senate races and took away two incumbent U.S. House of Representatives seats while pro-life candidates took two open and previously pro-abortion held seats.

Elsewhere in the country, voters in West Virginia, Alabama and Oregon had measures on the ballot that would limit abortion.

Alabama passed Amendment 2 to their constitution that “recognize and support the sanctity of unborn life and the rights of unborn children, including the right to life.”

In West Virginia Amendment 1 was passed, which changed the language of the West Virginia Constitution to say, “Nothing in this Constitution secures or protects a right to abortion or requires the funding of abortion.”

An Oregon voter initiative was soundly defeated. Measure 106 would have amended the Oregon Constitution to not allow taxes to be used to pay for any elective abortions. Being on the ballot was an amazing feat.

So what happened?

The strategy employed by the Democrats nationally worked, mainly to not talk about abortion or Planned Parenthood while focusing on healthcare and, wherever advantageous, Donald Trump.

Unfortunately and to their shame, pro-life Republicans helped the pro-abortion Democrat strategy by failing to speak about abortion or Planned Parenthood. This, after the 2016 elections where both Planned Parenthood and abortion were successfully used by pro-life candidates in the presidential campaign.

Then there was the voter dissatisfaction with Republicans in general and Pres. Trump specifically which was used by pro-abortion Democrats in suburban congressional districts. Time and time again, I heard of good pro-life individuals who struggled greatly with the “pro-life” candidate only to wrongly cast their vote for the so-called “pro-choice” alternative.

Overwhelmingly, these pro-abortion candidates were not only willing to accept the status quo (the legal killing of defenseless human beings), they were seeking to remove established restrictions on abortion, increase “access” to abortion, add funding to abortion organizations like Planned Parenthood and require abortion to be paid for through healthcare and by all of us as taxpayers.

We, as pro-life citizens, cannot vote for a pro-abortion candidate. That simply must be our fundamental guide. If our angst with all the other positions a pro-life candidate holds makes it difficult or unlikely that we will vote for them, then we should either withhold our vote in those races or find alternative pro-life candidates for our vote. We, as pro-life citizens, should not be voting for political parties. We must be voting for candidates who uphold the dignity of human life.
40 Days for Life Twin Cities: Spirited Start and Triumphant Finish

by Brian Walker, Program Director

Forty Days for Life Twin Cities began this fall with a spirited launch with the President and CEO of 40 Days for Life, Shawn Carney. Shawn came with his trademark upbeat message, while being realistic about the challenges for the pro-life community in these times. He reported record growth in 40 Days for Life: the number of participants, children saved, abortion workers who have quit and abortion facilities closed.

With a crowd of more than 100, Shawn reminded us of the important role Pro-Life Action Ministries played in the early days of 40 Days for Life, encouraging its organizers to push for two campaigns per year. Brian Gibson, Executive Director of Pro-Life Action Ministries, informed 40 Days for Life co-founders that despite the cold, 40 Days for Life in the Twin Cities would continue and be held during Lent. The rest is history and a local abortion facility in Regions Hospital closed in 2011.

Every fall in the Twin Cities, the Adopt-A-Day program is rolled out for churches and/or organizations, and this year for the first time a business picked an Adopt-A-Day. This is a day where a group takes on the responsibility to schedule and place two or more persons, per hour, praying at Planned Parenthood from 6 a.m.–6 p.m.

There were at least three babies saved that we know of during our fall campaign, one where I was providentially placed on a Saturday. I drove from the western part of the Twin Cities to check in on an adoption facility in St. Paul during the evening Opening Vigil of our 40 Days for Life Twin Cities Fall campaign.

As our fall campaign progressed, even with the number of Adopt-A-Days taken relatively low this year, many individuals and groups would just “show up” to pray and/or hold signs. All this activity led up to the most interesting finish in all of my 11 years of organizing 40 Days for Life.

We have excellent relations with the St. Paul Police Department (SPPD). They have been very professional and accommodating, making sure we’re safe and our free speech rights are not violated. We learned that a group of socialists planned to counter our Closing Vigil. [Note — This was a new coalition comprised of the Twin Cities Democratic Socialists of America (TCDSA) and the International Socialist Organization (ISO).] Not to worry; we left that “bad news” on our prayer shelf where it belonged and we went ahead with our usual planning.

While giving a heads-up to our speakers and participants, we were pleased that more than 200 prayer warriors showed up for our Closing Vigil on November 4. Heartfelt prayer and remarks were given by Most Rev. Bernard Hebda, Archbishop of Saint Paul and Minneapolis, Pastor Larry Willman of Payne Avenue Evangelical Free Church, Rev. Fredric Hinz, Minnesota South District Lutheran Church Missouri Synod, and Pastor David Fronsoe of Evangelist Crusaders Church. The crowd received the remarks and prayers with enthusiasm and reverence. As the service neared its end the protesters (who had kept to the other side of the street around the corner), moved closer with a rag-tag band of heat-up tubas and drums in an attempt to drown us out.

Then something happened that I cannot fully explain. Forty Days participants (as is our custom) closed out with “Amazing Grace” and as we sang and raised our voices, the noise from the protestors wound down and stopped with many of them staring. It was as if our Lord shut their mouths and quieted their instruments! It was a special time, showing the power and majesty of the King of Kings, even to those who mock Him.

We will be coordinating 40 Days for Life Twin Cities Lent 2019 from March 6 – April 14 at Planned Parenthood, St. Paul, with 3:00 p.m. inter-denominational prayer led by Pro-Life Action Ministries or a local pastor. We will end the last week of 40 Days for Life Twin Cities Lent 2019 with the ever-popular and growing Jericho March, April 8 – 14. Call me at (651)797-6363 for more information. Pastors, call me to sign up for a 3:00 prayer time, and participants, plan to come out to pray anytime between 6 a.m. – 6 p.m. or whenever your schedule will allow. Let’s build up our numbers for the largest Jericho March ever!

Stay in prayer to end abortion in our city, and have a peaceful and blessed Advent Season.
Hanson Abortion Mill No Longer Killing! (from page 1)

Also, we do not know what is happening to the abortion mill itself. We will let you know when we have more information. Meanwhile, we are praising God for one less killing center in the Twin Cities right now! The dedicated sidewalk counselors who had been going to that location have joined our life-saving efforts at Whole Woman’s abortion mill, one mile away. Now we have more sidewalk counseling coverage there at the four entrances, with hopes that more lives will be saved at that location! Please contact our Sidewalk Counseling Coordinator, Bill Kelly, at (651) 797-6365 if you are willing to pray or sidewalk counsel at Whole Woman’s, Robbinsdale or Planned Parenthood. We still have open spots and you are needed to help save lives!

removing the PP sign, and throwing their furniture into the garbage! While I was watching all the commotion of moving furniture and boxes, I was reminded of the PP escorts who would always tell us, "We will never move out; your prayers mean nothing!" Well, I wonder what they are saying now?

Two days before PP's closure, while we were out ministering, one of the other sidewalk counselors and I were speaking with a woman at the driveway as she was driving out, and along came one of the PP escorts trying to intimidate us by pouring her oil and practicing her witchcraft all around us! I told her that she could pour all the oil she wanted, because Christ Jesus protects us, and there is not enough oil to keep this place open; it is over for this abortuary! And two days later was moving day, and they were moving out! Nothing is impossible with the Lord God Almighty!

Thank you to all who faithfully came

Sidewalk Counselors and Prayer Supporters Needed in Rochester, Minn. to Save Lives!

The Planned Parenthood (PP) facility in Rochester, Minn. (1212 7th St., NW) is again killing children by means of the abortion pill. This is done through a "webcam" system in which the abortionist is actually sitting in the St. Paul PP and communicating through video with the abortion client in Rochester where she takes the deadly drugs.

This PP previously committed abortions from November 2010 through December 2015. At least 320 babies have lost their lives there. The highest annual number of babies killed was 80 in 2013.

Currently, abortions are being scheduled for Monday mornings in Rochester from about 9:00-10:30. The appointments last from 2-3 hours and there’s still a chance for the woman to save her baby after taking the first drug of the abortion pill regimen by contacting abortionpillreversal.com. (She takes the first drug at PP and the second drug at home 6 to 48 hours later.)

If you live in the Rochester area, please try to spend some time at this abortion mill in prayer or sidewalk counseling. You could save a life! We will provide literature and sidewalk counseling training. Contact Debra Braun at (651) 797-6364 or debra.braun@plam.org.

Thank you to all who faithfully came out throughout these years, and stood on the sidewalk intervening on behalf of these innocent children — the Lord heard your cry! Thank you to all who never stopped praying that this child-killing center would close! “Therefore my beloved brethren, be ye steadfast, unmoved, always abounding in the work of the Lord, forasmuch as ye know that your labor is not in vain in the Lord.” (I Corinthians 15:58)

Thank you, Jesus, for shutting Planned Parenthood Orlando down, thank you that no more little baby boys and girls will die on that plot of ground! Thank you, Lord, that you saw every tear that was shed for the babies that died there, for every prayer you heard and answered! And thank you, Lord, that this makes the second Orlando abortion mill to shut down this year — PP and EPOC! To you be the glory for you, oh Lord, have done great and mighty things! Hallelujah! We press on!

Kissimmee Volunteers Needed!

With the recent closure of PP Orlando, we are so elated and thankful to the Lord that no more little baby boys or girls will be killed on that plot of ground again, and we praise God for that, and give HIM all the glory. We do though, want to

Sidewalk Counselor Unexpectedly Helps Save her Relative!

Two of our volunteers were outside Planned Parenthood in St. Paul recently when one of them noticed her nephew’s wife pull in alone. Here is the rest of the story in the sidewalk counselor’s own words: “A little time went by and she pulled back out. She told me she took a wrong turn. She then went home and immediately she and my nephew called my sister and brother-in-law and told them she was pregnant. My understanding is that she was very nervous and upset about this pregnancy. They didn’t plan to have more children. So, apparently, her doctor sent her to PP ‘for an ultrasound.’ (Editor’s note – PP only does ultrasounds for abortion-minded clients.) It was only by the grace of God that she and I caught sight of each other as she drove into PP. And furthermore, it was by God’s grace that she and my nephew called my sister and brother-in-law after this incident and told them that she was pregnant and informed them about what happened at PP. My sister told her that this child is God’s child and the turn she took into PP could have been a horrible, disastrous turn. She is doing much better now and my nephew is very happy. Please pray for them. They are a very precious couple. I am so happy that God put me on that corner on that day and at that moment. Praise God!”

Just Learned – Baby Saved in Central Florida 2 Years Ago!

By Michele Herzog
Central Florida Branch Manager

One of our incredible, faithful and amazing sidewalk counselors went to the bank and when she walked up to the teller, the teller asked if she was one of those people who stand in front of Planned Parenthood and if she was there two years ago, because she recognized her. Shirley Jo responded that yes, she was one of those people who did stand in front of PP Orlando (it’s closed now), and was there two years ago. She went on to tell Shirley Jo that two years ago she went to PP and when she arrived, there were people there, and when she saw them, she said to herself, “I can’t do this!” She left, and now has a little girl whom she loves dearly! She told Shirley Jo, “You all are really making a difference!” She went on to thank Shirley Jo, and to tell the others thank you! GLORY! How great, and amazing is that? Thank you Jesus! So, for all of you that minister in front of the killing fields, you may feel that you aren’t doing much. But just our presence out there alone can stop a woman from killing her child! Press on my fellow warriors, press on!

A Dad’s (Grandfather’s) Support

by Mariah, Volunteer sidewalk counselor Central Florida Branch

As my sisters and I stood outside of AWHC in late October, a young girl and her father approached me. As I began to converse, the young girl’s father asked me to talk with her. In tears she listened as I expressed to her the love and incredible plans God had for her and her baby! I then continued to explain the miracle that was taking place inside her body, showing her a picture of what her sweet 5-week-old baby looked like! I inquired about the father of the baby, but she said he would not be in the picture, but as her own dad stood by listening and expressing his care, I was able reaffirm his support and let her know just how lucky she was to have a daddy who was so willing to care for her and this child. She allowed me to pray with her, and soon the chains of fear I saw so heavily on this trembling young girl were lifted! We continued to converse and she listened intently to every word I had to say. “Are you going to keep your baby?” I asked. She nodded and hugged me as we both stood on the sidewalk in tears. Her dad then took her in his arms and expressed his love for her, and his thanks. This is truly a moment I will never forget! Praise God for His works! Isn’t He awesome!?
Volunteers Needed in Kissimmee (from page 4)

remind everyone, that the PP in Kissimmee is still killing babies, and now four days a week!

We must be there to be a voice for these innocent children who have no voice! They are being drawn to the slaughter, and there must be Christians trying to rescue them from a violent death.

If you can hold a sign to expose the evil going on inside the building in Kissimmee, if you can worship, read the Bible, preach or pray, we can let you know when to be there! If you would like to learn how to sidewalk counsel and minister to the abortion bound women, we can train you!

Please call me at (407) 230-2557, and let’s make sure to have people out in front of that place of death crying out on behalf of the little ones being led to death! Let’s cry out together that this child-killing center will close down like EPOC and PP Orlando, this we plead with you, Oh Lord!

Pray for . . .

June Fahrmann

June Fahrmann of the Robbinsdale Clinic was the second highest-volume abortionist in Minnesota in 2016 and 2017, killing 927 babies and 854 babies, respectively, in those years. (We don’t know the identity of the highest-volume abortionist.) However, up until 2016, Fahrmann was killing more than 1000 babies a year. Perhaps she is concerned about the drop in “business” because several months ago she started having pro-abortion “escorts” from NARAL Pro-Choice MN outside her abortion mill. These escorts have been problematic, interfering with our sidewalk counseling in violation of the injunction at that abortion site.

Fahrmann began working at the Robbinsdale Clinic as a medical assistant in 1977 and nine years later, she became the director of the abortion practice. (The Robbinsdale Clinic website states that it provides abortions as “part of our family-centered care”!) Fahrmann began killing preborn children herself in the early 1990s while she was attending medical school.

Please pray that Fahrmann would have the courage to break her long-time association with the abortion industry and turn to Christ for healing and reconciliation.

Listing Abortionists

A hallmark of our ministry has been confronting the evil of abortion with the love of Christ. This approach has included publicly identifying who the abortionists (and pro-abortion leaders) are. The practice of placing the names of abortionists in this newsletter has a twofold purpose: to ask for your heartfelt prayers for the conversion of those listed and to inform you so that you are not patients of those committing abortions.

The criteria for placing someone on this list is that the individual is directly involved in committing abortions and that this has been reasonably verified. We have resoundingly condemned any sort of physical or psychological threats to anyone involved in abortion. Our desire is for the love of God to permeate the lives of those associated with abortion, that they will turn away from the harm they inflict and become followers of Christ as so many before them have done. Please pray for the following abortionists:

Minnesota
Carol Ball, David Baram, Kristi Borowski, Robin Bresette, Steven Brown, Thomas F. Campbell, William Cliby, Peter D’Ascoli, Norman Davies, Sean Dowdy, Kathryn Eggleston, Abimbola Famuyide, Kimberly Fisher, Hope Frisch, Melvin Frisch, Lynn Hagedorn, Marilee Hanson, Rise Hatten, Judith Johnson, Liz Jordan, Beni Katz, Christopher Klingele, Frederick Kravitz, Mary Mahoney, Miriam McCreary, Catherine McKeegney, George Miks, Judith Ney, Donna Randall, Carl Rose, Mark Tanz, Carrie Terrell, Sarah Traxler, Kenneth Trofatter, Dirk Van Oppen, Wendy White, Timothy Wilson

Is Your Doctor Involved in Abortions?

Does Your Doctor Prescribe Abortifacient Birth Control?

Ask your doctor if he/she does abortions or refers for them, or prescribes abortifacients such as the Pill, Ortho Evra (the “patch”), Depo-Provera (the “shot”), Nuva-Ring, the “morning-after pill,” implants, or the IUD. All these methods (and others) can cause very early abortions by thinning the lining of the uterus so that if breakthrough ovulation occurs (which is possible) and a new life is conceived, the young human being may not be able to attach to the uterine lining and therefore he or she dies. These methods can also be very dangerous, even deadly, to the woman. If you would like the names of completely pro-life physicians, go to www.onemoresoul.com/nfp-directory. In Minnesota, you may also call our office at (651) 771-1500.

We wish to thank ALL of you who were in attendance at this year’s Annual Life Banquet which featured Stephanie Gray. You may remember Stephanie from her book, *Love Unleashes Life*. As we do every year, we wish to make our Annual Life Banquet experience available to ALL of our supporters in order that you too may receive the same uplifting effects of those who were able to attend.

Stephanie Gray spoke directly to her personal journey to educate others by asking questions and using the reasoning of pro-life apologetics. She reminded us “whom you would change, you must first love, and they must know that you love them” which we gladly celebrated! She is an inspiring reminder to us all that we must learn to ‘speak to’ others with love, reason and respect, as well as to continually invoke and rely upon the power of prayer.
