82 Babies Documented Saved in 2018!

by Debra Braun
Education Director

Eighty-two babies were documented saved in 2018 with God’s grace working through the sidewalk counselors coordinated by Pro-Life Action Ministries. The box on the right shows the totals of babies saved outside the abortion centers in the three areas where we have branches.

These babies are those we were able to document this past year. Based on our 38 years of experience, we have faith that other babies were saved that we just don’t know about!

The new year is off to a good start, with 8 babies already saved! This brings the total of our documented babies saved since 1981 to 3387! And more lives have been saved through our popular brochure, “We’re Here for You,” used by sidewalk counselors across the U.S.

Thank you for your prayers, volunteer time and financial support that make this vital work possible!

Our New Billboard Strategically Placed Near PP

by Debra Braun

We have a new billboard up near the corner of University and Vandalia in St. Paul, visible to everyone leaving Planned Parenthood (PP) especially if they are waiting at the stoplight. We created this specific message for that location because, according to the Minnesota Department of Health, 47% of the abortions committed at that PP in 2017 were by the abortion pill (“medical” abortion using mifepristone/RU-486).

So nearly half the abortion clients leaving PP have just taken the abortion pill, but there is the possibility of reversing the process and saving the baby’s life! The abortionists do not tell the women about abortion pill reversal and we don’t have enough sidewalk counselors to cover all the afternoon hours. In addition, even if a sidewalk counselor IS there, often the women drive out far too quickly for us to tell them they might still be able to save their baby. (The information is in the brochures we offer, but some don’t take our brochures.)

So we’re hoping this billboard will be used by God to save MANY lives! A nationwide network of pro-life health professionals working with Abortion Pill Rescue (the organization that manages the abortion pill reversal program) has been successful in about 68% of reversal cases, resulting in hundreds of normal deliveries and healthy babies! Please pray that women would contact abortionpillreversal.com and give their babies a second chance!

(If you can sidewalk counsel at PP in the afternoon, we need you! Not only would you be reaching out to abortion clients leaving, but new abortion clients are arriving until mid-afternoon Monday through Saturday.)

Finally, we welcome donations to keep this billboard up to educate the abortion clients and anyone else passing by this busy intersection.
Guest Editorial

There is No Victory in the State of New York!

by Michele Herzog
Central Florida Branch Manager

(EDITOR’S NOTE: In this editorial, Michele comments on the “Reproductive Health Act” enacted on January 22 in the state of New York. Ed Mechmann, Esq., the Director of the Public Policy Office of the Archdiocese of New York, summarized the new law in this way: The bill legalizes abortions up until the moment of birth, allows non-doctors to do abortions, removes any legal penalty for a domestic violence attack against an unborn child, and eliminates protections for babies born accidentally in an abortion. Perhaps the better name for the law is the “Guaranteed Dead Baby Act.”)

With the advent of New York’s governor and his cohorts gleefully and joyfully inviting the gruesome and inhumane act

of late-term abortions into their state, I was brought back to the years I ministered in front of George Tiller’s infamous late-term abortuary in Wichita.

With that, my mind went back to that time and quickly I remembered the ashes

of the babies killed there would fall on the pro-lifers outside.

The tiny pieces of babies, who had been slaughtered by a man who was honored by so many, landing on our feet.

Wiping off our windshields when leaving because they were so heavily laden and covered with the ashes of the little babes who were completely innocent, but died horrendous deaths. Looking down on the snow, and seeing the ashes and little bits of the children who had been ripped apart in the name of choice.

Watching every Tuesday morning women coming from all across the nation, and abroad, for their late-term abortions, up to the moment of delivery, some so large they needed help getting out of their vehicle. And watching funer-

40 Days for Life Twin Cities Lent 2019

by Rev. Brian Walker
Program Director

What in the world can I do? That’s the buzz with some conversations I’ve had lately. No doubt you have heard of Gov. Andrew Cuomo’s brazen promotion and celebration of New York State’s “Reproductive Health Act” (summary below uses information from Operation Rescue. org, January 28, 2019).

• Decriminalizes all abortions; abortion remains legal if Roe v. Wade is overturned.
• Allows abortion for no stated reason through 24 weeks of pregnancy and throughout all nine months when the baby in the womb has been determined to be non-viable or for the life or health of the mother (at the discretion of the abortion-ist). (Editor’s note -- “Health” can literally mean anything, including the mother’s mental or emotional state regarding being pregnant.)
• Allows non-physicians to conduct abortions, potentially though all nine months of pregnancy.
• Removes all protections for infants born alive during abortions, and ends the ability to prosecute anyone for murder for born alive during abortions, potentially though all nine months when the baby in the womb has been determined to be non-viable or for the life or health of the mother (at the discretion of the abortion-ist).

This is the deepest level of evil, genocide, taking place right in front of our eyes, right in our midst, and the God of Abraham, Issac and Jacob shall not be mocked!

But, do not think that New York is alone in allowing late-term abortions, as New Mexico took over the late-term abortion business from George Tiller after he died. His cohorts in these crimes against humanity just packed up and moved down to Albuquerque, and set up shop, and have had quite the hefty and gruesome late-term abortion business!

And, of course, abortionist Leroy Carhart, who came down once a month from Nebraska to kill babies for Tiller, couldn’t miss out or stop his mass killing spree, so he set up his late-term killing center in Bethesda, Md.

But I pray that the outrage over the celebration of late-term abortions in New York will awaken a sleeping church and...
the body of Christ will rise up and begin
to defend the youngest and smallest in
our land.

We can no longer live our lives pret-
tending everything is fine, while the
blood of the children seeps into our
rivers, streams and sewage systems. We
cannot be at peace knowing that our land-
fills are filled with the remains of inno-
cent little children!

There is no peace with child sacrifice!

Yes, we all need to be outraged over
this blatant joy and glee of killing full-
term babies in the womb, but all life is
precious, from the moment of concep-
tion, and we have got to start treating
abortion as the civil rights issue of
today.

We must demand that the unborn have
their personhood restored and estab-
lished, and that these young ones are
recognized as persons with NO excep-
tions for women to kill their offspring!

The time is now for such a time as this!

Pastors, rise up, speak out against this
genocide taking place right in our midst!
Lead your churches out to the abortuaries
and have church right in front of these
places of death!

Pastor Ken Peters in Seattle, Washing-
ton is doing this very thing, and it is
growing!

This is a gospel issue. We must love
our neighbors as ourselves. We must
speak up for those who have no voice.
We must rescue those unjustly sentenced
to death.

We must do everything we can to see
this abomination of abortion end, in Jesus
name! Protecting all little ones in the
womb, no matter what size or how old,
they must be protected. They have the
same rights that you and I have—the
rights to life, liberty and the pursuit of
happiness!

We must settle for nothing less! We

"Who will rise up for me against the
evil doers? Or who will stand up for
me against the workers of iniquity?"
Psalm 94:16

“Coming together for the sake of the children” was the theme of our 2019 Annual Life Banquet on January 10, as there were so many things to thank the Lord together for as the body of Christ in Central Florida with the miracles of so many babies saved, the closing of Planned Parenthood and EPOC abortuaries, abortionists James Pendergraft and Randall Whitney having their medical licenses revoked, and so much more! Thank the Lord God on high!

We were also exhorted by our guest speaker, David Bereit, that there will be no peace until this holocaust is over, and that is what we must work hard together for, and settle for nothing less. We can not let another 46 years go by with another 61 million unborn human beings killed unmercifully. And with that, we press forward, continuing to speak up for those who have no voice, rescuing those unjustly sentenced to death, exposing the evil of abortion, sharing the gospel, and working hard to see protection and personhood granted back to these little ones who had their rights stripped away from them on January 22, 1973. Yes, David Bereit is right, we can not let another 46 years go by of bloodshed.

Caroling for Life; January 22 Commemorations

All three branches of Pro-Life Action Ministries conducted “Caroling for Life” events and also commemorations around January 22, the 46th anniversary of the Roe v. Wade decision. Thank you to all the participants for standing up for life and remembering the 61 million babies killed since 1973!

Baby Saved!

A baby was saved shortly after the prayer rally at Planned Parenthood (PP) in St. Paul on January 22, when the young mother came out and asked the sidewalk counselor, Janet, for assistance. She wanted an ultrasound after seeing the photos of unborn babies in our “We’re Here” brochure that Janet had given her on the way in. She said PP had told her that the fetus was very small, that there wasn’t much there.

Janet brought the couple to the Wakota pregnancy help center in West St. Paul where an ultrasound was immediately available. The sonographer did a thorough ultrasound, explaining how they were measuring the baby’s body, pointing out the “strong heartbeat,” etc. So they got to see how developed their baby really is, contrary to PP’s lies. They plan to stay connected with Wakota and were given items for their other young children, along with helpful resources to support their growing family. What a blessing that a life was spared on this tragic day!

Caroling for Life

Richard Graham led in prayer during the Caroling for Life at the AWHC abortuary in Central Florida before the group went over to the OWC abortion center for more caroling, prayer and scripture reading.

January 22 Commemorations

The Duluth branch of Pro-Life Action Ministries held several events to remember the babies killed by abortion since 1973. A “Jericho March for Life” was held outside the abortion center in the late morning. Then several went to the Duluth Courthouse to bring awareness about abortion to the region by using a survey. In the evening a prayer vigil led by Pastor Tom Schaer was held at First Presbyterian and then 16 walked from the church for a candlelight prayer vigil in front of the abortion center in Duluth. Interestingly enough, that was the same as the number of women who went in for abortions the Thursday before.

On December 15, Caroling for Life was held simultaneously at the three abortion centers in the Twin Cities. About 30 people sang and prayed outside Whole Woman’s in the Parkside building in Minneapolis (above). There were about 90 carolers outside PP in St. Paul and dozens outside the Robbinsdale abortion center. The Duluth branch of Pro-Life Action Ministries held Caroling for Life outside the abortion center there also. Caroling for Life brings the Christmas message of peace, joy, hope and light to these dark places of death, with the possibility of saving lives.

On January 19, pro-lifers stood outside the Planned Parenthood East abortuary in Orlando mourning on behalf of the little ones lost to the brutal act of abortion. They cried out to the Lord God Almighty to put a swift and mighty end to the heinous crimes against humanity! 46 years is too long! Babies are killed there via the abortion pill, but sidewalk counselors were able to help save a baby from this on January 24! To help save more lives there, contact Michele at (407) 230-2557.
Abortionist Pendergraft’s Florida Medical License Revoked!

by Michele Herzog
Central Florida Branch Manager

After so many years of praying that justice would prevail, and that abortionist James Pendergraft would be held accountable for his criminal activity, and that God would stop him from killing any more babies, He heard our cries!

On December 7, I was able to attend a hearing held by the Florida Board of Medicine, and witness their unanimous decision to REVOKE the medical license of James Pendergraft! This was long overdue, and we give God the glory for hearing our prayers, and for the Board of Medicine and the Florida Department of Health finally following through with the many complaints that had been filed.

Finally, after thousands of babies killed at his hands, a botched abortion that ended in a $36 million judgment against him, tax evasion, Pendergraft pleading guilty to ten felony drug counts (after being caught in South Carolina with bloodied abortion equipment and felony narcotics in his trunk in 2015), and other unsavory criminal acts, the state revoked his medical license! Please pray now that Pendergraft would repent, and bow his knees to the only true God that can save him, the Lord Jesus Christ!

But, it was not only James Pendergraft who lost his license this year! Abortionist Randall Whitney, who worked and killed babies for Pendergraft, also had his medical license revoked this year! Just as with Pendergraft, Whitney killed thousands of babies for years and years, and always seemed so proud of his profession of slaughtering the innocent babies. He was known to assault women on the

Pendergraft and Whitney Lose Licenses

(From page 6)

Table: one of the assaults led to his arrest, and Whitney was convicted of assault, but he still, even after that, continued to kill little baby boys and girls! But that all stopped when his license was revoked this year, and glory be to God!

Please pray for this man, that he would repent of the shedding of innocent blood, and bow his knees before the King of Kings and Lord of Lords, Christ Jesus!

Yes, justice prevailed, God heard our prayers, and we thank the Lord on high!

**Help Save Lives in Rochester, Minn.**

Pro-Life Action Ministries presented a Sidewalk Counseling Training Seminar January 24 at Holy Trinity Church in Goodhue, Minn. for a group of pro-lifers interested in saving lives from the Rochester Planned Parenthood (PP).

This abortion mill resumed killing unborn children via the abortion pill last fall. Currently, abortions are being scheduled for Monday mornings from about 9:00-10:30. The appointments last from 2-3 hours and there’s still a chance for the woman to save her baby after taking the first drug of the abortion pill regimen by contacting abortionpillreversal.com. (She takes the first drug at PP and the second drug at home 6 to 48 hours later.) Please contact Diana at (507) 438-7742 if you can join in praying or sidewalk counseling in Rochester!
