PP Building Abortion Mill in Uptown Minneapolis

by Debra Braun
Education Director

A large abortion mill will be opening in the Uptown area of Minneapolis in 2020. Planned Parenthood North Central States (PPNCS) announced in a January 31 article in the Star Tribune that chemical abortions (RU486 abortions) would be done there. In August 2017, when PP first announced this new building, no mention was made of abortions at this location.

Chemical abortions (also known as the “abortion pill”) kill unborn babies in a two-part process. After pregnancy has been confirmed, the abortion client takes the first drug (mifepristone) while at the abortion center and is given the second drug (misoprostol) to be taken up to 48 hours later at home. The first drug is meant to kill the baby (essentially by depriving him or her of nutrients and oxygen by blocking progesterone and destroying the lining of the uterus). The second drug causes contractions and bleeding to expel the baby. (The movie “Unplanned” depicts Abby Johnson undergoing this type of abortion.) Currently, about half of the abortions committed at the St. Paul PP are chemical abortions, with the rest being surgical abortions. It is unknown how the new Minneapolis abortion center will impact the abortion numbers in St. Paul.

The new $14.4 million, three-story building will replace the old facility which did not commit abortions on site. The initial $6.5 million was given by a local couple wanting to remain anonymous.

Help Stop the Killing Near UCF in Orlando

by Michele Herzog
Central Florida Branch Manager

Since the miraculous closure of the Planned Parenthood on Tampa Avenue in Orlando, we have pressed forward and moved over to the other Planned Parenthood (PP) close to UCF (University of Central Florida). This is a smaller abortuary, which has been primarily used for referrals, and chemical abortions on very rare occasions, but since the PP Orlando shut its doors down, the UCF mill has begun regularly doing chemical abortions every Thursday, so that is where many of us are ministering that day of the week!

We have also moved our monthly “Jesus Loves the Little Children” Days to that location (on the fourth Thursday of the month from 10:15-11:30).

This particular abortuary is nestled neatly in a medical building between the Smile Dental and Jaffe Chiropractic offices, a perfect atmosphere to give the illusion of a tranquil and peaceful place of business. But there is no peace with (continued on page 3)
From the Executive Director, Brian Gibson . . .

What to Do with Anger Over Abortion up to Birth (and Even Infanticide)

The New York law with a “celebration” of abortion, followed by several states seeking to enshrine Roe v. Wade into their respective state laws, the first ever State of the Union speech underscoring this evil with a call for an end to late-term abortion, the U.S. Senate failing to end infanticide, and the House leadership blocking a vote on similar infanticide legislation have people outraged over the killing of our defenseless brothers and sisters, at least in the late term of pregnancy. The reality of what abortion has always been is starting to come to light. And it is making more people outraged and angry than when the sale of the remains of aborted babies hit the news a few years ago. And so many, with this anger, are wondering what can be done. What can I do? What can you do?

I have an answer. Get out in front of an abortion facility and pray. Let that anger be a righteous anger, one that elicits a physical and spiritual response. One that is under the control of God and allows for something constructive to take place.

How is being in front of an abortion facility a constructive response? Quite simply, your presence, my presence, in front of these places where the killing takes place can, and often does, save lives. While never even speaking a single

(continued on page 3)
April 2019                                                                         Pro-Life Action News                                                                                            3

New Uptown PP
(from page 1)

mous. According to the Minneapolis / St. Paul Business Journal (August 24, 2018), Minneapolis-based Davis is the developer of the project with bdh-young as the architect. (Davis secretly developed the Planned Parenthood facility in Little Canada in 2015). During construction, the Minneapolis PP business is operating out of a location two blocks away. Like all PP facilities, it currently dispenses abortifacient birth control and refers for abortions.

We will keep you informed of the progress of this new abortion facility and we will be starting a sidewalk counseling and prayer presence there when the killing begins. Please start thinking and praying about how you may help save babies there!

(PPNCS is based at the mega-abortion center, 671 Vandalia St. in St. Paul, and was previously known as Planned Parenthood Minnesota, North Dakota, South Dakota. Within the last year, this affiliate of the Planned Parenthood Federation of America [PPFA] took over the PP facilities in Nebraska and Iowa and changed its name. President and CEO Sarah Stoesz was the second highest-paid PPFA affiliate director in the U.S. in 2017 with a compensation of $476,164. Financial information from a report by American Life League’s STOPP International — www.stopp.org)

Another New Billboard near PP: Reaching Women Coming and Going!

In early February, we posted another new billboard near the Planned Parenthood (PP) in St. Paul (taller building on the left in this photo). It is on the reverse of our “Abortion Pill Reversal” billboard that was posted in January, near the intersection of University Ave. and Vandalia St. It is visible to everyone exiting 94 and heading north on Vandalia to Planned Parenthood (they see this billboard before they see PP’s billboard).

So now we are reaching out via billboards to most of the PP abortion clients coming and going! These billboards assist in our sidewalk counseling and prayer efforts at PP.

Option Line is a national bilingual (English and Spanish) pregnancy helpline answered 24/7. Through live chat, phone, text and e-mail, pro-life staff members provide support and encouragement to women and direct them to their nearby pregnancy help center for ongoing assistance.

We hope and pray both billboards save many lives! If you want to help keep these billboards up, please consider a donation to Pro-Life Action Ministries.

What to Do with Anger Over Abortion and Infanticide (from page 2)

word to a woman going in for a scheduled abortion appointment, your presence can have such an impact that a woman will decide at this very last moment to keep her child and save his or her life.

A prime example—in September 2018, several young men from the college seminar at the University of St. Thomas stood praying outside the mega-Planned Parenthood in St. Paul. They were not engaging those going into the abortion facility. They were not carrying signs. They were simply praying. A couple came driving out of Planned Parenthood and called out for the men to come over to the car. The driver explained that the young mom and he decided against having an abortion that day because they saw those men standing there in prayer.

Another example comes in the form of a memo sent out to all the Planned Parenthood Federation of America affiliates by its past CEO, Cecile Richards, some years ago. In the memo, Richards presented a problem for the affiliates: when people are present, praying outside their facilities as women are coming for abortions, there is a significant percentage of “no-shows” for those abortion appointments. She didn’t use the term praying and had a derisive label for those of us who are in front of her abortion facilities, but it came down to this: when we are present, babies’ lives are spared.

We also know that coordinated prayer campaigns (like 40 Days for Life) directed at abortion facilities have helped close many abortion facilities, including the one inside Regions Hospital in St. Paul, Minn.

Pro-Life Action Ministries offers ample opportunities for Christians of all denominations to get out in a prayerful presence outside abortion facilities. So to put this succinctly: get out in front of an abortion facility and pray!

(Editor’s note — Go to www.plam.org to view our shocking “Break the Baby’s Neck” video regarding late-term abortions and infanticide at the Planned Parenthood abortion mill in St. Paul.)
child sacrifice, and our presence out in front of this place of death exposes this Planned Parenthood, and breaks the facade of peace! And to make matters worse for the patients of the dentist and chiropractic offices, the PP escorts have taken over the whole parking lot, barraging those patients as they get out of their cars, which in turn, makes the patients of these other businesses very unhappy with this onslaught of the pushy escorts, but has given us the opportunity to talk with them and encourage them to tell their doctors to speak with the owner of the building to break the lease of this killing center!

Unfortunately though, we have spoken with many patients of the dental and chiropractic offices who claim to be pro-life, but have been going to these doctors for a long time, and don't want to 'rock the boat', and some have even become angry with us. This is so disheartening to hear, as we gently tell them, that "while you get your teeth cleaned" or "while you get adjusted," they are killing children within walking distance of where you are! It's time to take a stand, it's time to make a difference!

If you are in the Orlando area, come and join us in ministering at this wicked place of death. Help us in speaking out for those who have no voice, in exposing the evil, in trying to rescue those being led to the slaughter, and to preach the glorious gospel of Christ to a lost and dying world!

And, if you are a patient at Smile Dental or Jaffe Chiropractic, please call them and politely tell them to speak to the owner to break the lease of Planned Parenthood. We encourage you to find other doctors in the meantime that do not share a building with a child-killing center. As of right now, these two businesses do not seem to be interested in getting PP out!

Also, all of us can call these two businesses and encourage them to tell the owner to break the lease. Please call the numbers below, and politely ask them to do this, that peace may really be in that building:
Smile Dental: (407) 737-6464
Jaffe Chiropractic (407) 658-6500

As this newsletter goes to press, we are in the midst of our Lenten 40 Days for Life Campaign with daily prayer outside Planned Parenthood in St. Paul. Shown here is Pastor Dave Jore, leading the group in prayer at the March 6 Opening Vigil (Ash Wednesday). Pastor Larry Willman also led in prayer that day. Thank you to everyone who participated in this 40 Days with your presence and prayers. We know of at least one baby saved so far!

**Babies Saved**

So far this year, 23 babies have been documented saved through our ministry, including the following:

**Twins Saved in Kissimmee!**

*by Michele Herzog*
*Central Florida Branch Manager*

On March 16, at the Planned Parenthood (PP) Kissimmee, twins were saved! What an absolute miracle this was, and we praise God for their little lives! We had sidewalk counselors on the front, side and back sidewalks, which was an answer to prayer that all were covered. The sidewalk counselor in front noticed a woman coming from the back, up the enclave and going into PP's office space. She immediately began to call out to her prior to her walking through the door.

She did come out a bit later, and the sidewalk counselor, along with another counselor, and a very young girl, all pleaded with her to protect her baby, and that there was help! She finally made a hand gesture to meet her in the back, so one counselor immediately began to take the long walk to the back of the building. She did come down and spoke with the counselor for a long time, but went back up to PP.

A while later, she came down, got in her car, and began to pull out, but not without stopping to tell the counselor that she had changed her mind. She shared how she knew she was having twins, and even had a sonogram of them she had had taken a few days prior. When asked what changed her mind, she said, "You all, that's what changed my mind!"

What an amazing miracle as well, because the counselor herself had twins, and one of her twins was actually also ministering. There were two other people out there who were twins, so it was especially awesome how God provided for all of these twins to be there, and one mother who had actually experienced having twins! What an incredible day, and we give God the glory, honor and praise!

Please call me at (407) 230-2557 to help save more lives in Kissimmee!

**Learned of Baby Saved in Duluth!**

*by Sarah Winandy*
*Assistant, Duluth Branch*

On January 17, our group went to the "Together for Life Collaborative" which meets monthly. During our meeting, a woman from a pregnancy help center in the region told us about a woman who came into their center for help. She said she had been in Duluth for an abortion about two months ago but someone came across the street from the sidewalk by the abortion center, and spoke to her about not having an abortion and she changed her mind!

We remember an incident in that time frame where I had walked across the street to speak with a couple who seemed very confused but had stopped across from the abortion center. While our group prayed, I was able to give loving words about the baby and other things about parenting, etc. The couple thanked me and walked on saying they would look at the material I had given them. We watched them walk on and they kept going. We were saying, "That might have been a baby saved!" We are praising God for this baby save and for letting us know for certain!

**Two Babies Saved at - 4!**

*by Debra Braun*
*Education Director*

It was another very cold February day sidewalk counseling (-4) and yet two babies were saved from Planned Parenthood (PP) in St. Paul!

**“Baby Chris” Aims to Educate on Life in the Womb**

**A Journey Through Pregnancy**

*March 25 (Day of the Unborn Child) – Christmas Day, 2019*

Pro-Life Action Ministries is partnering with a coalition of national pro-life organizations to take America on a journey of the miraculous development of a baby in the womb. Follow us on Facebook and commit to sharing each week’s posts with your family and friends!

In the coming weeks, you will see video footage of the unborn child far more powerful than anything ultrasound can accomplish because it was created through embryoscopy and fetoscopy, whereby a camera is placed right up against the amniotic sac to view the baby moving around in living color. With each week of pregnancy, basic fetal development facts will be shared and celebrated. You may download the “See Baby” app (available for IOS and Android) to watch Baby Chris grow.

Resources will be made available at www.BabyChris.org, where, week by week, schools, churches, pro-life groups, families and individuals can receive educational materials, photos, videos and social media memes in order to spread awareness of how well developed the unborn child is, even as an “embryo.”

This project is based on the conviction that in the debate over abortion, the starting point is simple, “Who is this child?” Once that is established, the next key question is, “What does abortion do to the child?” We seek to open our world’s eyes to the humanity of all babies in the womb and to secure the right to life for our most innocent brothers and sisters.
Babies Saved (from page 5)

FIRST BABY —

Sidewalk counselor Terry was getting ready to leave after his sidewalk counseling shift, but sensed God telling him to stay five more minutes. He is so glad he obeyed! Two young women were dropped off at the front door so he had the opportunity to tell them not to have an abortion, that we have free help for pregnant women, that she should demand to see her ultrasound and that Jesus loves them. But then the PP escort interfered and let them in the front door. Later (after Terry and the prayer supporter, Laurie, had left), the pregnant woman came out, shook my hand and said she had decided not to abort! She told me she was 14 weeks, two days pregnant, and that she had talked to a man out there earlier. Her sister came out, their ride came and they left. But as they were getting into the vehicle, I noticed the pregnant woman clutching her ultrasound photos!

SECOND BABY —

While the woman in the first story was inside PP changing her mind and Laurie, the prayer supporter was still there praying, another baby was saved! A vehicle with two young women stopped in front of the PP driveway. I gave them the brochures and told them that there was free help across the street for pregnant women. The driver asked where to park for PP, but I just continued talking. I asked if they were there for an abortion and the driver said that the passenger was, but she didn’t speak English. So I quickly gave the passenger Spanish information, which she started looking at. But then an escort approached and told them to move out of the street and into the PP parking lot. I continued speaking with them, encouraging them to pull into the bank lot next door so that we could talk more. Soon the other escort was also at the vehicle, directing them into PP, and

Pray for . . .

Christ-Ann A. Magloire

Please pray for the new abortionist, Christ-Ann A. Magloire, who is now committing abortions at the OWC abortionary in Orlando since former abortionist Randall Whitney had his medical license revoked, and abortionist Frank Rodriguez quit killing for OWC! Abortionist Magloire comes each Friday and Saturday to kill little baby boys and girls that have been led to the slaughter. Please pray that she will repent of this shedding of innocent blood, and leave the abortion industry! And please also pray that she would repent before God Almighty, and bow her knees to King Jesus!

—Michele Herzog
Central Florida Branch Manager

Listing Abortionists

A hallmark of our ministry has been confronting the evil of abortion with the love of Christ. This approach has included publicly identifying who the abortionists (and pro-abortion leaders) are. The practice of placing the names of abortionists in this newsletter has a twofold purpose: to ask for your heartfelt prayers for the conversion of those listed and to inform you so that you are not patients of those committing abortions.

The criteria for placing someone on this list is that the individual is directly involved in committing abortions and that this has been reasonably verified. We have resoundingly condemned any sort of physical or psychological threats to anyone involved in abortion. Our desire is for the love of God to permeate the lives of those associated with abortion, that they will turn away from the harm they inflict and become followers of Christ as so many before them have done. Please pray for the following abortionists:

Minnesota
Carol Ball, David Baram, Kristi Borowski, Robin Bresee, Steven Brown, Thomas F. Campbell, William Cliby, Peter D’Ascoli, Norman Davies, Sean Dowdy, Kathryn Eggleston, June Fahrman, Abimbola Famuyide, Kimberly Fischer, Hope Frisch, Melvin Frisch, Lynn Hagedorn, Marilee Hanson, Rise Hatten, Judith Johnson, Liz Jordan, Beni Katz, Christopher Klingele, Frederick Kravitz, Mary Mahoney, Miriam McCready, Catherine McKegney, George Miks, Judith Ney, Donna Randall, Carl Rose, Mark Tanz, Carrie Terrell, Sarah Traxler, Kenneth Trofatter, Dirk Van Oppen, Wendy White, Timothy Wilson

Central Florida
Jodell Allen, Fernando Betancourt, Ralph Bundy, Gary Dresden, Emil Felski, James Gengalbach, Kathy Hirtz, Darwin Jackson, Michael Loss, Merri Morris, Harvey Roth, James Pendergraft, Jose Raul Quintana, Frank Rodriguez, Christopher Saputa, Philip Waterman, Randall Whitney

Is Your Doctor Involved in Abortions?

Does Your Doctor Prescribe Abortifacient Birth Control?

Ask your doctor if he/she does abortions or refers for them, or prescribes abortifacients such as the Pill, Ortho Evra (the “patch”), Depo-Provera (the “shot”), Nuva-Ring, the “morning-after pill,” implants, or the IUD. All these methods (and others) can cause very early abortions by thinning the lining of the uterus so that if breakthrough ovulation occurs (which is possible) and a new life is conceived, the young human being may not be able to attach to the uterine lining and therefore he or she dies. These methods can also be very dangerous, even deadly, to the woman. If you would like the names of completely pro-life physicians, see www.onemoresoul.com/nfp-directory. In Minnesota, you may also call our office at (651) 771-1500.

Natural Family Planning

For information about the safe, effective and morally acceptable methods of Natural Family Planning (NFP), contact One More Soul at: 1-800-307-7685 or www.OMSoul.com. One More Soul has resources to help people understand how children are a great blessing from God, and how contraception is very harmful to women, and their marriages, and consequent to families, Church and society.
Regular Prayer Times Outside the Abortion Centers

We encourage you to join in with the following groups or start your own prayer time outside an abortion center. We strongly encourage prayer groups from all denominations. If you start going out and would like to have your group listed here, please contact Debra Braun at (651) 797-6364.

Babies Saved (from page 6)

they pulled into the driveway, parked in the lot and went into PP. However, about 10 minutes later, they came out and sat in the vehicle for a few minutes. Then they starting driving out, with the passenger smiling and waving. I asked if she had changed her mind and the driver responded yes! The passenger said, in English, “Thank you!” and they drove off.

Towards the end of my shift, a man drove by yelling the familiar insult, “Get a job.” I just thought to myself, “If you only knew what drama just occurred here in the last few hours – two human beings narrowly escaping death and two families avoiding a lifetime of regret!”

“You Win” Says Baby’s Mother!

Shortly after noon on March 13, a young couple on their way into the Robbinsdale abortion center took literature from sidewalk counselor Marjorie. They said they just wanted to know how far along the young woman was, but Marjorie told them the only reason they did ultrasounds was to price the abortion, that the further along, the more expensive the abortion. She told them about the pregnancy help center across the street (Robbinsdale Women’s Center) and how beautiful the baby would be if it looked like them. The young man got in the car to go to the pregnancy center, but the young woman ran into the abortion mill. He went in after her and about 10 minutes later, she came out and said to Marjorie, “You win.” Then he came out, raised both arms and said, “Praise the Lord.” They went over to the pregnancy center and definitively chose life! Everyone won in this situation, not just the sidewalk counselor; there were no losers!

**SIDEWALKCOUNSELOR.ORG**

Pro-Life Action Ministries has been sidewalk counseling since 1981. Go to this website for sidewalk counseling literature, training and consultation or call 651-797-6364.
