40 Days for Life Twin Cities Fall Campaign Recap

by Brian Walker
Program Director

Five babies saved (including two the first day)! That’s the good news at the end of 40 Days for Life Twin Cities Fall 2019. The Twins Cities campaign made a “small” contribution to the total baby saves for 40 Days for Life U.S./International which was 738 during this fall campaign.

40 Days in the Twin Cities benefitted from new participants who would just “show up” as a result of viewing the movie “Unplanned,” joining the dedicated tried and true 40’s who have been on the sidewalk for nearly 12 years. The wonderful truth is it does not matter how long or how recent you have come to the sidewalk in prayer, fasting and peaceful presence; God does His perfect work.

Adopt-A-Day participants took 17 out of 40 days and we hope that there will be no need for a next time, but if so, that all 40 days will be taken next year. Our record is 35 out of 40 during our Regions Hospital campaign.

Minnesota Attorney General Allows “Meritless Litigation” in Challenge to Abortion Laws

On Behalf of Pro-Life Action Ministries, Thomas More Society Files to Dismiss Pro-Abortion Lawsuit

The Thomas More Society is asking to intervene in a lawsuit brought against the state of Minnesota by two abortion workers who have concealed their identity and a church group that advocates abortion. The lawsuit seeks to overturn Minnesota’s 24-hour waiting period for abortions, parental notification standards, and a provision mandating that aborted babies be buried or cremated rather than being treated like medical waste. The lawsuit also seeks to strike the requirement that all abortions be performed by a physician. On October 14, 2019, Thomas More Society attorneys filed notice with Minnesota District Court, seeking to intervene in the lawsuit to end what they label “meritless litigation.” Pro-Life Action Ministries and the Association for Government Accountability are intervening on behalf of taxpayers.

Minnesota Attorney General Keith Ellison, an advocate for permissive abortion laws, has, nonetheless, publicly committed to “defend the laws of the state of Minnesota,” without regard for his own personal opinions. Since Ellison failed to raise what might be the strongest defense to the lawsuit, the Thomas More Society filed a motion to intervene in the action to assert that defense on behalf of its clients Pro-Life Action Ministries, Incorporated and the Association for Government Accountability.

Erick Kaardal, Special Counsel for the Thomas More Society, explained the legal action taken in response by the national not-for-profit public interest law firm. “The groups that have brought this lawsuit against the state have no ‘Private Cause of Action,’ which means they have no right under Minnesota law to bring this lawsuit. Attorney General Ellison is not defending Minnesota law or protecting Minnesota citizens as he promised.”

The Attorney General’s Office has regularly and appropriately utilized the lack of “Private Cause of Action” defense to uphold the state’s laws in multiple recent lawsuits. To not do so in this case is “poor stewardship” and an “affront to Minnesota’s people,” according to Kaardal. “As the plaintiffs in this lawsuit
Do You Need any Other Motivation?

Every time any of us stands in front of an abortion facility in prayer, a baby’s life can be saved, a mother may turn away from something deadly for her child and destructive for herself, a father may find his true manhood and become responsible for his family. This potential is there every time we stand in prayer outside these evil places.

We have the evidence. Though we have been making these statements since the inception of our ministry, presuming this to be the case, all these years later the proof is right before our eyes.

Time and time again, we hear later (sometimes much later) from those who had scheduled abortion appointments, that when seeing one or more of us standing in prayer as they approached the abortuary, they decided to drive on or walk away because of that presence.

abortuary stopped in the driveway and called for these four to come over. The driver told them that they decided against the abortion because the four were there in prayer.

Often enough, as we sidewalk counsel with prayer supporters present, we see those who profile perfectly as abortion clients looking where to drive into the abortuary only to take a look at those standing (or sitting or kneeling) in prayer, look at each other, look again at the abortuary and then those in prayer only to drive away. Are these babies saved?

None that we can count. Certainly some are and probably more than we know.

The abortion directors complain about our presence cutting into their “business.” Many insiders or past insiders of the abortion industry have told of large percentages of “no-shows” when people are standing in prayer outside their abortuaries.

So we know, standing in prayer saves lives. And this prayer can be aloud or silent. All it takes is being present and praying. No need to talk to anyone except God. This can be in twos or threes. It can be there in prayer support while sidewalk counseling is taking place or even when the abortion facility is closed.

Are you doing this? Are you taking time to go pray at a local abortion facility? If the answer is no, why not?

Do you need to learn the ropes? Do you need training, advice, encouragement? Contact us. We’ll help with all these and much more. It’s what we do.

Your prayer-filled presence can save lives. Do you need any other motivation?

A Note on Year-End Gifts

Thank you for all your prayers, participation and generous financial gifts that have made it possible for Pro-Life Action Ministries to enjoy an abundance of fruitful activity and accomplishments on behalf of the unborn in 2019.

As we approach this year’s end, and the giving season is upon us, please keep our life-saving efforts in mind as you prayerfully consider the year-end gifts you make this season. All gifts postmarked by December 31 will count towards 2019.

Thank you for your continued witness for the sake of the lives of the unborn and towards strengthening the culture of life this past year and into the future!
Central Florida Life Chain a Success

As part of the National Life Chain October 6, the Pro-Life Action Ministries branch in central Florida lined the sidewalk outside the Planned Parenthood abortion center near the University of Central Florida to be a voice for the voiceless. They held signs, sang, and prayed. It was an excellent way to bring attention to the community and nation that there is a holocaust going on in our land with nearly 63 million precious children having been aborted. We trust that in that hour of prayer and witness, there were minds changed (even among those moms contemplating abortion)!

This coming year your prayers and peaceful presence on the sidewalk at Planned Parenthood and other abortion centers is the very “sign” abortion-bound women are seeking. Be the “sign” this coming year.

I Heard Your Voices Outside the Window, and I Left!

by Michele Herzog
Central Florida Branch Manager

Recently, a young lady walked up to the sidewalk counselors who were ministering outside the AWHC abortuary in Altamonte Springs, Fla. She began to tell them that she had come to this particular abortion center 14 years ago and had an abortion, and a little over 4 years ago returned for a second abortion.

She shared how that time there were “people” standing out front “like you” encouraging women to not have an abortion and telling them that there was help available. She went inside the building anyway, but, while sitting in the waiting room, she began to hear voices outside the window speaking to all the women sitting inside waiting for their abortion. As the voices continued to pour forth into the waiting room window pleading with the women to leave, and to protect their babies, she began to feel very convicted, so much so, that she stood up and walked out, and never came back!

She didn’t tell anyone; she just walked out the door, headed to her car, and drove out without telling the sidewalk counselors that day that she had changed her mind, and why.

Fast forward to this day when that young lady stopped by to speak with the sidewalk counselors. She wanted them to know that what they were doing was the right thing, and to keep doing what they are doing! She went on to say that every day as she drives her four-year-old child to school right down the street, she sees the “people” out front, and wanted to stop and talk with them!

On this particular day, she just had to stop and tell them “thank you” for what

have no standing to sue Minnesota over this issue, any time the attorney general has spent handling this lawsuit without raising the Lack of Private Cause of Action defense has wasted government resources and taxpayer dollars and undermined the defense,” he stated. “Minnesota’s common-sense abortion laws deserve a vigorous defense,” Kaardal added.

The Notice of Limited Intervention meets all of the following legal requirements: it is timely, the proposed interveners have an interest in the subject matter of the lawsuit and are unable to protect that interest without being parties to the legal action, and their interests are not adequately represented by existing parties.

“There is clearly no private cause of action for these claims, which are based upon violations of Minnesota’s constitution. This lawsuit only continues because of the Attorney General’s Office’s failure, despite the availability of an applicable and complete defense, routinely applied by the Attorney General’s Office in other cases, to stop it,” Kaardal declared. “The attorney general has failed Minnesotans on this lawsuit. The Thomas More Society is here on behalf of Minnesotans to correct for the Attorney General’s Office’s failings, assert the omitted complete defense, and end this litigation for good.”

Brian Gibson, Executive Director for Pro-Life Action Ministries, stated, “The sensible Minnesota laws which protect parental rights and families, uphold the tradition of treating human remains with dignity and respect, and ensure that accurate and complete information be available to women, among others, deserve to be robustly and properly defended. Unfortunately, Attorney General Ellison appears to allow his radical pro-abortion beliefs to interfere with his obligations to the people of the State of Minnesota. Pro-Life Action Ministries is seeking to do what is proper and right to the duties of the Minnesota Attorney General.”

Babies Saved

So far this year, through the grace of God, 74 babies have been documented saved through our ministry, including the following! See also page 3 for a baby saved story from central Florida.

First Baby Saved for New Sidewalk Counselor!
by Cassie S.
Volunteer sidewalk counselor

On November 6, I was sidewalk counseling outside the St. Paul Planned Parenthood when a young woman left the parking lot. She rolled down her window and said, “I just want you to know that I got the information (literature from a sidewalk counselor earlier that morning) and have decided to not go through with the abortion. I’m keeping my baby!” She seemed very happy and at peace with her decision. As for me, this being my first time hearing of a save personally, I was jumping up and down and just so happy for her that I forgot to give her my baby blanket gift. Next time I will be able to keep my composure!

Two Babies Saved in Duluth!
by Sarah Winandy
Assistant Director, Duluth Branch

November 1 — “D” stopped with her friend as we offered material and showed her the pictures of a growing pre-born baby. She took the literature and thanked us. We encouraged her to look at her ultrasound. As she walked to the abortion center, she threw the literature away when the escorts told her to.

An hour later she and her friend came out and volunteer Karen asked if she had changed her mind. With a big smile, she said “yes”! We have her information to keep in contact. “D” is 6 weeks along and showed us her ultrasound. Her friend said she was so glad that “D” had changed her mind. Praise God for this miracle!

Something that we noted on this save: since it was Halloween the night before and sometimes there are people who come out to bring “mischief” when the 40 Days people are there, Pastor Tom Schaer came from 5:30 - 6:30 p.m. and I came from 6:30 - 8:00 to sing hymns and worship the Lord. We could sense the praise to our Lord Jesus repelled a lot of darkness. This morning Tom was praising the Lord again. In this warfare for life we believe praising the Lord has a powerful effect on the outcome!

November 14 — We are rejoicing over another baby saved! Praise God! “S” had been dropped off by a taxi. Pastor Tom Schaer spoke loving words of life to her as she went into the abortion center. Later “S” had a friend come to pick her up and as they were leaving, we asked if she had changed her mind and she responded with a “yes.” When we offered help, she refused but when we said we would send a gift card in support of her decision, she gave her contact information. She is 10 weeks along and said she saw her ultrasound and just couldn’t do it!

Baby Saved at 21 Weeks!
by Debra Braun, Education Director

In October, I spoke with a woman outside Whole Woman’s, Minneapolis, who was there for an abortion at 21 weeks (see photo, back page). We talked for about 10 minutes and I told her everything I could think of to persuade her not to go in, including showing her a medical illustration and an actual photograph of an abortion at that stage of pregnancy. But to my great dismay, she ended up going in to start the two-day procedure. However, 20 minutes later, she came out, saying she wanted an ultrasound at the pregnancy center. That confirmed her decision for life and she thanked us for saving her baby! Since then, another sidewalk counselor who had met her helped her move into a Christian home for women.

The New Killing Center in Uptown Minneapolis

Construction continues on the new Planned Parenthood abortion center in Uptown Minneapolis (1200 Lagoon Ave., next to the Cub grocery store). Unless a miracle prevents it, killing is scheduled to begin in this $14.4 million, three-story building in 2020. Davis is the developer of the project with bdh+young as the architect. As seen in this photo, Timco is a contractor.

We will keep you informed about this new abortion facility where we will be scheduling sidewalk counselors and prayer supporters. Please start thinking and praying now about how you may help save babies there and let us know if you are willing to go to this location when it opens.
“Heard Your Voices”  
(from page 3)

they are doing, and that she wants to start coming out and doing the same thing to save lives.
That little four-year-old child was slated to die, but because people cared and spoke up for the rights and dignity of that baby, he is alive today!
I write this to encourage everyone who stands in the gap for the unborn, pleading, counseling, preaching, worshiping in front of these places of death—the women hear us, and many leave without ever telling us.

We must continue to be there as a voice crying out in the wilderness for these little ones whose rights have been stripped away, who have been denied the right to life, liberty and the pursuit of happiness. We must be their voice, because they do not have a voice.

Be encouraged. Your presence in front of these death camps can save the lives of the little babes being led to the slaughter, your voice can penetrate into the heart of the mother leading her child to the slaughter!

When you get discouraged, cry out to the Lord to give you strength, and remember this woman, who more than four years later came back to tell her story of leaving that wretched abortuary, and how she drives her little one, who is alive today because someone cared, to school right down the street!

We are HIS servants, doing HIS duty. How wonderful when we get a glimpse of the fruit of obedience. Thank you, Jesus, for You are great, and greatly to be praised!

So likewise ye, when ye shall have done all those things which are commanded you, say, “We are unprofitable servants: we have done that which was our duty to do.” Luke 17:10

Pray for . . .

Anna Lowell

Please join us in praying for Anna Lowell, the new circuit rider abortionist for Planned Parenthood of Southwest and Central Florida. Lowell recently “came out,” proudly and unashamedly proclaiming herself as an abortionist in a recent article. Please pray that she will repent and leave this gruesome and ghoulish business of killing little baby boys and girls.

Listing Abortionists

A hallmark of our ministry has been confronting the evil of abortion with the love of Christ. This approach has included publicly identifying who the abortionists (and pro-abortion leaders) are. The practice of placing the names of abortionists in this newsletter has a twofold purpose: to ask for your heartfelt prayers for the conversion of those listed and to inform you so that you are not patients of those committing abortions.

The criteria for placing someone on this list is that the individual is directly involved in committing abortions and that this has been reasonably verified. We have resoundingly condemned any sort of physical or psychological threats to anyone involved in abortion. Our desire is for the love of God to permeate the lives of those associated with abortion, that they will turn away from the harm they inflict and become followers of Christ as so many before them have done. Please pray for the following abortionists:

Is Your Doctor Involved in Abortions?

Does Your Doctor Prescribe Abortifacient Birth Control?

Ask your doctor if he/she does abortions or refers for them, or prescribes abortifacients such as the Pill, Ortho Evra (the “patch”), Depo-Provera (the “shot”), Nuva-Ring, the “morning-after pill,” implants, or the IUD. All these methods (and others) can cause very early abortions by thinning the lining of the uterus so that if breakthrough ovulation occurs (which is possible) and a new life is conceived, the young human being may not be able to attach to the uterine lining and therefore he or she dies. These methods can also be very dangerous, even deadly, to the woman. If you would like the names of completely pro-life physicians, see www.onemoresoul.com/nfp-directory. In Minnesota, you may also call our office at (651) 771-1500.

One More Soul has resources to help people understand how children are a great blessing from God, and how contraception is very harmful to women, and their marriages, and consequently to families, Church and society.

### Daleiden, Merritt Found Guilty of Civil Charges, Now Facing Criminal Trial

Undercover investigators David Daleiden, Sandra Merritt, and others involved with the Center for Medical Progress’ 2015 videos exposing Planned Parenthood’s (PP) illegal sale of aborted baby body parts were found guilty by a California jury of multiple charges on November 15 and ordered to pay nearly $2.3 million in damages. Defended by several First Amendment legal organizations, they will appeal the verdict. During the trial, PP admitted that the videos were not altered; that they accurately recorded conversations with PP officials. Daleiden and Merritt are now facing 8 felony charges (dropped from 14 counts). Prosecutors are charging them with violations of California’s anti-eavesdropping law. More information at: www.centerformedicalprogress.org or www.operationrescue.org. For daily pro-life news updates, see the websites listed on page 3 of this newsletter.
