We're Here for You . . .

Also available in Spanish. This popular, life-saving, full-color brochure was designed specifically for those entering abortion centers by a team of veteran sidewalk counselors with extensive sidewalk counseling experience. It is brief and easy to read, yet it covers many aspects of the abortion decision and includes information about reversing the abortion pill (“medication abortion”, RU-486) and stopping second- and third-trimester abortion procedures.

Why We're Here: Sharing our Perspective

This brochure for passersby answers their common concerns about sidewalk counselors and prayer supporters outside abortion centers: “Why are you judging people? You don’t know their situations.” “Don’t you realize not everyone comes here for abortions?” “Do you really think men should tell women what to do with their bodies?”

Written by a sidewalk counselor, this brochure will help you to educate passersby without taking away from your primary purpose of reaching out to the women going into the abortion center. Includes photos of a baby saved, unborn babies, and 7-week abortion victims.

The Abortion Pill

(“Medication Abortion”, RU-486)

Also available in Spanish. (Also see **Survivor** brochure, right.)

Describes how this common abortion method kills the baby, includes a list of the serious risks to the woman, mentions the women who have died from this abortion procedure, and includes a quote from a woman who went through this type of abortion. Refers women to www.abortionpillhurts.com and the abortionpillreversal.com website and hotline.
