Help End Abortion at Whole Woman's in Bloomington

by Debra Braun
Education Director

We are conducting a prayer vigil outside the Whole Woman's (WW) abortion facility in Bloomington, Minn. on September 19, praying that this killing center would close. This is the second largest abortion facility in Minnesota, killing 1812 babies in 2024, but from our observations while sidewalk counseling there and from WW's public statements, we believe it is struggling financially.

During the increased ICE enforcement in late 2025/early 2026, WW lost abortion clients and staff, resulting in one fewer abortion day per week. Staff turnover remains high and some days there are few abortion clients. (Of course, ONE baby killed is too many!) Also, the out-of-state owner, Amy Hagstrom-Miller, has been seen there more frequently in the last few months. WW has its own non-profit organization, Whole Woman's Health Alliance (WWHA) which raises money from donors to support the abortion facility's income by subsidizing abortions for clients.

The Whole Woman's abortion facility sneaked into this building in Bloomington, Minn. under an assumed name in the spring of 2020.

WW also recently collaborated with the two other "independent" (non-Planned Parenthood) abortion facilities in Minnesota (Red River Women's Clinic in Moorhead, and WE Health Clinic in Duluth) in an advertising campaign (billboards, posters, radio spots, social media, etc.), encouraging women to book abortion appointments at their locations.

Whole Woman's is a chain of abortion facilities founded by Hagstrom-Miller, who is from the Twin Cities. When we were conducting rescues in the late 1980s and early 1990s, she was an escort for Planned Parenthood. After college, she worked for the now-closed Robbinsdale abortion facility.

Then she started setting up her own abortion facilities, particularly in Texas. Her "speciality" within the abortion industry was buying up abortion facilities to continue the killing. In 2012-2013, WW bought the former Midwest and Meadowbrook abortion facilities in Minneapolis, consolidating them into one location in the suite that Meadowbrook had occupied in the Parkside building near Hennepin County Medical Center. At the time, Hagstrom-Miller expressed her happiness at opening an abortion center in her home state. A few years later, she was caught on one of the Center for Medical Progress' undercover videos discussing the illegal trafficking of aborted

30 Percent of Pro-Life People Don't Vote?

Thirty percent of pro-life people don't vote. To me this is a shocking number and though it may vary from state to state, it remains problematic.

It is true that direct abortion is a moral, spiritual and human rights issue, deserving of our efforts to bring it to an end. This is the reason we are in front of abortion facilities and in the public sphere with educational efforts. Those efforts make it possible to save lives, help those in need, and work to move the hearts and minds of the general public.

But it is also true that it is a political issue that cannot be corrected without moral, spiritual and human rights guardians in political office. If, indeed, a large percentage of pro-life people don't vote, then bringing forth candidates and electing public officials with the character needed to rein in the killing of innocent children is severely curtailed by our own omission.

So why do so many who are against the killing of our unborn brothers and sisters not vote? Perhaps modern politics is too messy and entangled. The bickering and verbal assaults between political figures brings a deadening of desire to participate. Maybe all of the talk of election fraud, from ballot stuffing to election machine tampering, leaves us with a belief that the system is so rigged that our vote is a waste of time. Then there is the confusion about who is worthy of our vote, especially when candidate positions are so cleverly written as to deceive us into believing they stand for what we hold dear. Or it could be any of a thousand other reasons.

If, indeed, a large percentage of pro-life people don't vote, then bringing forth candidates and electing public officials with the character needed to rein in the killing of innocent children is severely curtailed by our own omission.

What we do know is that if we do not vote there is absolutely no chance, no matter what else, that our vote will ever count. Yes, we need to do our due diligence is discerning who to vote for. Yes, we need to take the time to exercise our franchise. But we also know that voting has been made easier and easier with multiple dates to vote as well as absentee balloting.

We are a just a couple months away from the November election. Your vote for the good of the unborn and their families is very much needed. If you think elections are messy and smelly, then hold your nose and make your plan to vote. If you aren't registered, get registered. There is too much at stake, with every election, to not vote and vote pro-life!

Read our History in Sunday Updates!

We are telling the history of our 45 years of ministry in our Sunday Update emails, one each month during 2026. So far we've covered the ministry's history as it relates to sidewalk counseling, our annual Good Friday Vigil and Jericho March, the rescue (sit-in) movement, legal and legislative battles, educational efforts, and 40 Days for Life.

Pro-Life Action Ministries is an interdenominational Christian organization dedicated to publicly defending the sanctity of human life, and saving lives from abortion, infanticide and euthanasia now through peaceful direct-action and educational projects. It was founded in 1981 by Michael Gaworski, fbp, and Paul O'Donnell, fbp.

Duluth "Bold as a Lion" Banquet with keynote speaker Abby Johnson

by Sarah Winandy, Assistant Director, Prolife Ministries of Duluth

The theme for our banquet October 9 is "Bold as a Lion." This is taken from the Bible verse, "The wicked flee when no one pursues, but the righteous are as bold as a lion." *(Proverbs 28:1)*

It is very encouraging to see Christian people come to the abortion center in Duluth to pray and plead for life. There are not many of us, but those who come have a courage about them that no one can deny. It's in their demeanor, talk, stance and eyes. It's in their faithfulness coming week by week, for years! They are courageous and "bold as a lion" because they know this is God's righteous work. It is very fitting to have this as our theme to encourage others in spiritual warfare. The real wicked are the evil spirits and the devil who all flee when we show up to pray and praise the Lord Jesus in worship of Him and cry out for the innocent.

It is already September and the Pro-Life Banquet is almost upon us! During the early part of the year we prayed concerning having a banquet at all. God answered us through sending funds and providing an opening to have Abby Johnson, a former Planned Parenthood director, come! Abby now travels across the globe educating the public on pro-life issues, advocating for the unborn, and reaching out to abortion clinic staff who still work in the industry. She is the founder of And Then There Were None, a ministry designed to assist abortion clinic workers in transitioning out of the industry. Since 2012, this ministry has helped over 740 workers leave the abortion industry. This banquet is covered with much prayer. Please pray as well.

Our hope is that the many who attend, especially the young people, will hear the message from Abby and get inspired to be active in the fight for life, to be "bold as a lion" and not fear the forces of evil. Consider coming and invite young people. Invite your neighbor, relatives, pastor, and friends from church! Already the seats are filling up! Seats are limited, so don't wait.

<u>Life and Liberty For all! Be a Voice for the Pre-Born Community!</u> This was our banner for the Fourth of July Parade in Superior, Wis. Thank you to Patrick and Leah Weimer who organized and put the float together. Thanks to all who walked, passed out material and candy. There were thousands of people who saw the witness for life. Close to 2,000 gospel tracts and pro-life brochures were passed out to the crowds. Praise God! Consider joining the parade next year!

Around 50 people (30 of whom were children!) attended our Bike for Life. Director Tom Schaer and Aaron LaDoux rallied us in songs of praise to God. Bikers rode for about two hours on the Munger Trail. We gave away T-shirts that read "Bike for Life." The weather was great, and we enjoyed fellowship with pro-life friends and a wonderful picnic with all the brats anyone wanted!

On the Front Lines

by Michele Herzog
Central Florida Branch Manager

Months ago, while ministering in front of one of the three abortuaries here in central Florida, we had the opportunity to speak with an abortion-bound woman as she was leaving. Her demeanor was one of absolute shock and distress—to the point of her being almost comatose.

When we reached out to her while she was leaving the building, she almost robotically turned and began to walk towards us, for which we were very thankful. We asked how we could help her and if she was pregnant. She just nodded her head up and down, looking so dazed, confused, and speechless.

Then she finally shared that she was five months pregnant—too far along for the abortion she had planned. She seemed very upset about that.

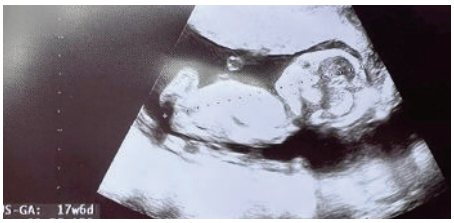
We asked if we could take her out to lunch, to see how we could help her, and she readily agreed. So three of us who had been ministering that day took this abortion-bound mother to a nearby restaurant, but on the way she barely said a word.

As we tried to get to know her and the situation she was in, we found it to be extremely difficult to get nary a word out of her, until she finally told us her predicament.

When we asked about the father, she became more closed and almost comatose. And then as if she came out of a slumber and put two and two together, out of nowhere she said, "The dates don't match." We asked what she meant and she told us that she had been seeing her new boyfriend whom she really liked for that last 3½ months, making it impossible for this baby to be his.

That was her dilemma this whole time—the reason for her comatose state, her being speechless. She finally realized completely that this baby's father was from her last relationship. And putting this all together, her reasons to justify the killing of her innocent child increased.

Of course, we then began to really speak the truth about abortion with her and also let her know of all the help available.



This precious Florida baby, approximately five months old, was likely killed in New York, after a referral from the central Florida abortion facility where our sidewalk counselors met his or her mother.

We spoke about adoption as well, and she did listen, but just continued to have this look of shock—that this baby had ruined everything with her new boyfriend.

We shared the Lord with her, and she shared that she was a Christian, so we expounded on the fact that she proclaimed to be a Christian, but what does God have to say about children? And that he hates the hands that shed innocent blood, and "Thou shalt not kill." She agreed with what we said, but she really did not want to talk further about God, as if she felt shame at the thought. But the concern about her new boyfriend overshadowed the truth of the Lord God Almighty.

While eating our lunch, she pulled out a paper, and I asked if that was from the abortuary. She replied that yes,it was, so we asked if we could look at it and she handed it over. It was instructions on where and how to get a later-term abortion in New York! One of the other sidewalk counselors said, "Oh no, you must not consider this, you must not do this to your baby!" We asked if we could keep the paper and she agreed.

As we ended our time together, there wasn't a definitive change from this woman; she didn't say that she would not go to New York. She just agreed to really think about everything we had said, and she even claimed to really want to have a baby.

We kept in touch with her for a few days, and then there was nothing until about a week later when she told us the baby died. We asked what happened and if the baby was a girl or boy, and she said she didn't know, and didn't give information.

We truly believe that she made the trip to New York, and this child was offered up on the altar of child sacrifice, the altar of choice, the altar of the new boyfriend.

Our heart weeps for that child in an incredible way. We tried to be that baby's voice, and we weep.

Yes, Florida may have a Heartbeat Law, but these abortuaries have figured out a way to continue their lucrative business in later-term abortions, and it can't be overlooked. The number of babies being killed in Florida does not include all of the women heading to North Carolina, Virginia and New York to have their little baby boys and girls murdered through the bloody act of abortion.

Please join us in prayer, that the unborn would have their rights restored, and that they would have the same protections as you and I. May we see the abortion industry end, in the name of Jesus.

Update on St. Cloud, Minn. PP

This past spring, Planned Parenthood North Central States began advertising for an "Ultrasound Technician (Abortion Services)" for its St. Cloud location. PP removed the ad from its job board a few months later. We conducted a Sidewalk Ministry Training Seminar in St. Cloud in May and have kept a close watch on this location. As of this writing, it doesn't appear that they are killing babies there. Perhaps PP withdrew its plans due to long-standing strong opposition from the St. Cloud and surrounding community. However, prayer, witness, and literature distribution outside that PP is still needed because it still does abortion referrals and other evil and it's important to keep the pro-life pressure on!

Babies Saved

So far in 2026, we have documented 49 babies saved (18 since the last newsletter two months ago)! Below are two of these stories. To read more, go to www.plam.org and click on "Babies Saved."

We have also had *many* other positive encounters with pregnant women or passersby while sidewalk counseling. Due to our strict criteria for documentation, we were unable to document these as babies saved specifically through our ministry although some could have been; we just don't have enough information in these cases. Perhaps (but known only to God), it was our prayers drawing down His grace for the mothers and fathers to choose life!

Their Presence on the Sidewalk Helped Save a Life!

On Friday, July 31, volunteer sidewalk counselors Tom C. and Jackie M., and prayer supporters Bob L., Leo P., Alan D., and Sylvia were on the sidewalk outside Planned Parenthood (PP) in St. Paul. Henry was across the street praying. A man and woman drove in and parked across from the PP building. They stayed in their vehicle for a long time. The sidewalk counselors watched to see if they were going in so they could call out to them but they never did see them go inside. After about 45 minutes the couple was driving out. They stopped and the sidewalk counselors walked toward their vehicle hoping to hand them the brochures. The man said, "She was planning to go in for an abortion but changed her mind and did not." The sidewalk counselors told them how happy they were for them and shared the brochures. Tom explained about the help avail-

baby body parts from WW. Watch the brief video on our YouTube page: www.youtube.com/watch?v=s4nM74y3AXk

WW moved into the Crossroads Professional Building in Bloomington in 2020. When Texas banned abortions (with few exceptions) after the *Dobbs* decision in 2022, WW left that state. Now, besides the one in Bloomington, WW has four other abortion facilities (in Virginia, New Mexico and Maryland), in addition to a mail-order abortion pill business.

Babies are killed at WW by surgical abortion up to 20 weeks and by the abortion pill up to 12 weeks. Women have been physically hurt at this location in Bloomington, with at least five ambulances documented (by public records) taking women to local hospitals. These were apparently from surgical abortions. But a recent national study showed that about one in ten women who take the abortion pill have serious adverse reactions. This is in contrast to what WW falsely claims on its website—that the abortion pill "is safer than many over-the-counter medications like Tylenol." WW also erroneously wrote on the internet (in response to an

able to them if needed and asked if their presence on the sidewalk had any effect on their decision to not abort. The young woman stated, "Yes it did," and smiled. Tom could see the relief and joy in her smile.

Editor's note — As this newsletter was going to press, we received another similar report from this same sidewalk counseling/prayer team regarding another baby saved on Friday, August 28! This time, the couple took literature as they drove in and did go inside PP. But they came out later and the man told the sidewalk counselers, "She's not going to do it now. She's not going to do it." Jackie asked, "Did us being here have anything to do with your decision?" The man replied, "yes," and seemed very happy as they drove away.

Pray for . . . Julie Amaon

Julie Amaon, M.D., is the medical director of Just the Pill, a mail-order business based in Minnesota that sends abortion pills to pregnant women living in or traveling to Minnesota, Wyoming, Colorado or Montana. However, Just the Pill has plans to expand to the entire continental U.S. by the end of this year (including to states where abortion is illegal, by using pro-abortion "shield laws").

Amaon told *Ms Magazine* in 2022 that she got her "perfect job" (with Just the Pill) right out of her medical residency. She said she wants to make abortion "as easy as possible for people. . . I love my job every day. Patients tell me 'thank you,' . . . It's wonderful. Very rewarding."

The latest Minnesota abortion report shows that Just the Pill sent out abortion pills to 852 women in Minnesota in 2024, but that doesn't count the babies killed by Just the Pill in other states. In fact, Amaon was reprimanded, fined, and ordered to complete Continuing Medical Education related to medical records by the Wyoming Board of Medicine for failing to file timely reports of 423 abortions she committed through Just the Pill in that state from April 2022 through March 2023. In her written response to the Board, Amaon claimed the violation of the law was "Due to a significant increase in patient volume. . . "

Please pray for Amaon that she would repent for all the children she has killed by abortion and all the women she has harmed by the abortion pill and who do NOT thank her afterwards. Pray that she would repent, and turn her life over to Christ.

Listing Abortionists

A hallmark of our ministry has been confronting the evil of abortion with the love of Christ. This approach has included publicly identifying who the abortionists are. The practice of placing the names of abortionists in this newsletter has a twofold purpose: to ask for your heartfelt prayers for their conversion and to inform you so that you are not patients of those committing abortions. We have resoundingly condemned any sort of physical or psychological threats to anyone involved in abortion. Our desire is for the love of God to permeate the lives of those associated with abortion, that they will turn away from the harm they inflict and become followers of Christ as so many before them have done. Please pray for the following:

Is Your Doctor Involved in Abortions? Does Your Doctor Prescribe Abortifacient Birth Control?

Ask your doctor if he/she does abortions (especially with the current increase and "ease" of prescribing the abortion pill) or refers for them, or prescribes abortifacients such as the Pill, Ortho Evra (the "patch"), Depo-Provera (the "shot"), Nuva-Ring, the "morning-after pill," implants, or the IUD. All these methods (and others) can cause very early abortions by thinning the lining of the uterus so that if breakthrough ovulation occurs (which is possible) and a new life is conceived, the young human being may not be able to attach to the uterine lining and therefore he or she dies. These methods can also be very dangerous, even deadly, to the woman. If you would like the names of completely pro-life physicians, see www.onemoresoul.com/nfp-directory. In Minnesota, you may also call our office at (651) 771-1500.

Natural Family Planning

*For information about the safe, effective and morally acceptable methods of **Natural Family Planning** (NFP), contact One More Soul at: 1- 800-307-7685 or www.onemoresoul.com. One More Soul has many resources to help people understand how children are a great blessing from God and how contraception is very harmful to women, and their marriages, and consequently to families, Church and society.*

upset client who regretted taking the abortion pill there) that abortion pill reversal "is misleading and not supported by science." Hagstrom-Miller has written, "Abortion is a normal part of women's reproductive lives. . . . It is my life's work to end the stigma around abortion. . ." WW has even had "clinic blessings" by apostate clergy. We protested their Bloomington "clinic blessing" in November 2022.

From WWHA's 2022 Annual Report

(Ironically, Hagstrom-Miller has experienced infertility and adopted two children, according to the Sept. 9, 2024 *Minnesota Star Tribune*.)

In a recent e-mail to donors, WW bragged about providing abortions to women of varying political beliefs, even those who previously opposed abortion. They described women "trying to make the best decision they can while carrying fear, stigma, financial stress, family pressure, or uncertainty about the future." But rather than attempting to alleviate these pressures as the pro-life community does, they sold these women abortions and left them with a damaged heart and soul and a dead child. Last year for Father's Day, WW praised the men who accompanied their partners or daughters to WW for abortions (rather than taking responsibility for the child as a father should)!

We have been sidewalk counseling outside WW ever since it opened in Minnesota, with about 100 documented babies saved. If we had more sidewalk counselors, prayer supporters and sign-holders outside WW, we believe even more lives could be saved!

Please join us for our prayer vigil on Saturday, September 19, from 10:00 - 11:00 a.m. outside Whole Woman's, 8053 E. Bloomington Freeway, Bloomington, MN 55420. There is free parking nearby.

National Day of Remembrance for Aborted Children - Sept. 12

Tens of thousands of aborted children have been retrieved and buried at gravesites across the U.S. On this 14th annual Day of Remembrance, solemn prayer vigils will be conducted at many of these gravesites and at other memorial sites dedicated to aborted babies. See: **www.nationaldayofremembrance.org/** for a location near you.

Join us at 10:00 a.m. at Resurrection Cemetery, 2101 Lexington Ave. S., Mendota Heights, MN 55120 as we remember the 13 aborted babies buried there. (Their torn bodies were found in the Robbinsdale Clinic dumpster in 1987).

Why should you attend this event? Visiting the burial places of these children cuts through any rhetoric surrounding abortion and moves the conversation from the abstract into concrete reality; you are helping to humanize our aborted brothers and sisters. The event also provides a public witness to the sanctity of life, it helps pro-lifers recommit themselves to the cause, and it offers healing to women and others who have been hurt by abortion.

October 18 — "Honoring the Babies" Memorial
6:00 p.m., The Landing Church, 9302 W. Skyline Pkwy., Duluth, MN 55810
Each year at least 500 babies are aborted in Duluth, Minn. Think about that. Each one is a unique human being, created by God and made in His image. What if we each understood the value of every little child? The baby lost through abortion deserves our compassion and our voice. What if we became a people who truly honored every human life—from the womb to the grave? God values these little ones, shouldn't we? "Before I formed thee in the belly I knew thee; and before tho forth out of the womb I sanctified thee." *(Jeremiah 1:5)* Please come for this sacred time to honor the precious lives lost to us through abortion. Call (715) 969-4506 to be sure of this day and time.
