# Praying and Protesting for an End to Abortion at WW

*by Debra Braun*
*Education Director*

**Led by Rev. Larry Willman, about 70 pro-lifers kneel in prayer outside the Whole Woman's (WW) abortion facility in Bloomington, Minn. on September 19. Other pastors who spoke and led in prayer were Fr. Brian Lynch, pastor of St. Agatha in Coates, and Rev. Dave Johnson, pastor of River of Life Church in Elk River.**

Another ambulance was seen taking a woman out the back door of Whole Woman's (WW) abortion facility in Bloomington, Minn. the day before our September 19 prayer vigil there. According to public records, the WW caller told 911 dispatch that a female in her twenties "needs to be transferred to the hospital, please, due to excessive bleeding" after a "procedure." We have also recently received documentation of a February 3, 2026 ambulance call there. According to the 911 transcript, this woman was also "facing a hemorrhage." When dispatch asked, "Is she pregnant?" the WW caller answered, "No longer." Then she asked that the ambulance come to the back door.

This makes eight times (that we know of) that ambulances have been called there in the past three years. Most of the calls were due to the woman hemorrhaging from surgical abortions. (Unborn babies are killed there up to 20 weeks.)

On October 27, we protested their "Evening of Impact," an apparent fundraiser and "opportunity to tour" the killing center. About 25 pro-lifers held signs as attendees arrived at the event.

## In-Person Abortions Now Being Scheduled at St. Cloud PP

As this newsletter goes to press, unborn babies were being scheduled to be killed at the St. Cloud Planned Parenthood (PP), beginning on Nov. 3. In-person chemical abortions (the abortion pill) are being scheduled for Tuesdays in November and December, with appointments from 9:00 to 3:40.

We had seen evidence this past spring that PP was planning to start committing abortions at its St. Cloud facility. We conducted a Sidewalk Ministry Training Seminar there in May and have kept a close watch on this location.

If you live in the St. Cloud area (or even the northwest metro), PLEASE spend some time on the sidewalk outside this PP, especially on Tuesdays, praying or sidewalk counseling. You could save the life of a precious baby and spare the parents a lifetime of trauma! We have literature specifically designed for sidewalk counseling and will provide it free of charge to anyone who tries to save lives at this location.

# Reaching out to the Abortion Workers

*by Michele Herzog*
*Central Florida Branch Manager*

While ministering in front of abortuaries, there are so many different opportunities to be the hands and feet of Jesus Christ. Of course, we are there to be a voice for the voiceless little baby boys and girls, and to try to rescue each one being led to the slaughter. We cry out to God in prayer for these little ones, hold signs, and reach out to the abortion bound women with offers of hope, help and another way. ***We are the last-ditch effort for these innocent children!***

We also share the glorious gospel of Christ to those driving into these dark places of death, knowing that this is a spiritual battle for the very lives that are in jeopardy in this modern-day sacrifice.

And then there are the abortion workers and the abortionists for whom we cry out to the Lord—that their eyes would be opened to the very darkness and evil they are taking part in, that they would leave the abortion industry, and come to know Christ as their Savior.

So, every time we are out ministering and a worker comes out of the center, or the abortionist arrives or is leaving, we let them know that we are praying for them, we share the ugly truth of abortion, and tell them that we would love to help them find other work that preserves life rather than taking it. And praise be to God we have seen many abortionists and workers quit here in Central Florida, and we give all glory to the Lord.

***Just within this last year, we have witnessed two abortion workers quit!*** With the first worker, we began reaching out to her when she would arrive in the morning, and then when leaving, we would always try speaking with her.

Finally she rolled her window down and listened while we told her that we cared, and that we are praying. How wonderful when she began to respond, letting us know that she wanted to quit, and needed a lot of prayer and help.

We then asked if we could take her out for lunch. She agreed and we were so thankful! A few days later, three of us met with her, and spent over two hours ministering to her. We spoke boldly the truth of the gospel, the truth of abortion, and all the help we had to offer. Most of all, we listened to her which, looking back, was so important to her.

She shared with us her financial situation, and that her dream was to be in the dental field. We found a dental school for her and it was so good keeping up with her. It was so wonderful when she quit the abortion industry about 5 months ago. And yes, she is working in a dental office now, and following the Lord Jesus. We praise God for this!

Shortly after that, we received word that another abortion worker wanted to speak with us, so we called her and began ministering to her as well. Every time we would see her leaving the abortuary we would speak with her, letting her know we were praying, and at the same time telling her what she already knew, and that was to quit. And quit she did about a month ago, and we are so very thankful.

There are so many other stories, but these are two women recently that were so miserable working in the abortion industry that they took us up on the help we continued to offer over and over again.

For anyone who ministers in front of the abortuaries, please know that reaching out to the abortion workers/abortionists is so very important—many want out. And even for those who act like they don't, we must reach out to them and let them know that God hates the hands that shed innocent blood, and that the children cry out for justice. They may shun you or say ugly things or ignore you, but the word of God shall never return void! And at the same time, let them know that you are crying out to God for them to leave the abortion industry, that you would love to help them find other work, and to trust in Jesus Christ. What an opportunity to take part in helping these workers find true freedom, to set the captives free in Jesus. How wonderful is that!

***"If the Son therefore shall make you free, ye shall be free indeed." John 8:36***

# Recent Life-Affirming Events Ministry-Wide

## St. Paul

What a wonderful evening of fellowship, encouragement, and celebration at this year's Annual Life Banquet on October 5! Thank you to our 368 guests who came to celebrate our accomplishments and renew our mission to stop abortion, one life at a time. We were honored to welcome our keynote speaker, Dr. George Delgado, the founder of Abortion Pill Reversal (APR), a protocol that if taken in time, can save an unborn baby from a chemical abortion. Under his guidance, more than 8000 babies have been saved by reversing the abortion pill. He also discussed the importance of *The People of the State of California v. Heartbeat International, Inc. and RealOptions, Inc.*, a legal case threatening to silence pro-life organizations from sharing information about APR. If you missed the banquet and would like to hear Dr. Delgado's talk, inspiring client testimonies, and ministry updates by Brian Gibson, CEO, please contact our office for the link to the banquet replay.

## Duluth

**Tom Schaer, Director, speaking at the Duluth "Bold as a Lion" Banquet October 9, which featured former abortion worker, Abby Johnson**

*by Sarah Winandy*
*Assistant Director*
*Pro-Life Ministries of Duluth*

The theme for our October 9 banquet with keynote speaker Abby Johnson was "Bold as a Lion." This is taken from the Bible verse, *"The wicked flee when no one pursues, but the righteous are as bold as a lion." (Proverbs 28:1)*

The banquet did what we had hoped—encourage pastors, movers and shakers, and young people to get involved. It glorified the Lord as we honored Him through song and praise!

For our "Honoring the Babies" Memorial October 18, we had a fairly good attendance. Tom Schaer gave a eulogy for one aborted baby, representing the 500+ babies aborted annually in Duluth alone. Pastor Matt LaPage of Lakeside Baptist Church shared a message on the need to abolish abortion in the U.S. I spoke about keeping faith in God through all circumstances and shared a message from Abby Johnson encouraging us to continue praying for an end to abortion, no matter how great the challenge.

Attendees came forward to view the model baby, pick up a rose for a child lost, and pray for an end to abortion.

Michele Herzog, right, led other pro-lifers in the annual Life Chain on October 4. Life Chain is a national peaceful and prayerful public witness of defenders of life standing, singing, holding signs and praying for our nation and an end to abortion. It is a visual statement of solidarity by the Christian community that abortion violently kills children, and that human life needs to be protected from the moment of conception to natural death without exceptions!

Thank you to everyone who came out in the blazing heat; we had an amazing turnout! We had a lot of positive honks and thumbs up for the precious babies in the womb. We pray many hearts were touched, and babies were saved! We pray that our hearts will never be desensitized to the shedding of innocent blood that takes place daily in this nation.

# On the Front Lines

*by Michele Herzog*
*Central Florida Branch Manager*

Answering our ministry line recently, I never imagined how encouraged I would be after talking with the caller who was calling about Stericycle!

He started off by telling me "thank you so much" for all the photos we have online of Stericycle trucks in front of the abortuaries here in central Florida. He went on to say that those photos saved him from making a big mistake!

I said, "Well, thank you so much, but how did they keep you from making a big mistake?"

He shared how he had applied to two different jobs, and both offered him employment with their companies—one was Stericycle. He decided to do some research on the company, because he thought he had heard years ago that they might be tied to the abortion industry, and as a Christian, he couldn't work for a business that colluded with abortion.

He then googled Stericycle and immediately photos from our ministry came up, which directed him to our Facebook page. There he saw all the photos of Stericycle trucks coming to the central Florida abortuaries to pick up the dead babies that had been killed by the act of abortion.

I shared how we rarely see them now

because of the Heartbeat Law in Florida (essentially banning most abortions after six weeks) and the heavy use of chemical abortions (in which the women abort and then dispose of their babies' bodies at home) but that there are still some abortion mills in Florida committing suction abortions, which require the use of a medical waste truck to pick up the dead babies. And, of course, there are a tremendous number of abortions all the way up to birth around the nation, with Stericycle still aiding and abetting in the abortion industry.

This caller, with a very humble, gentle voice, shared with me that because of the photos we have made public, he made the choice to NOT take the job with Stericycle because of their ties with abortion. He just could not violate his Christian convictions!

I was so moved because of his strong faith in Christ,which sadly is a rarity these days, and that we helped him in this small way to expose the evil this business is involved in, along with others.

He once again said thank you and how much he appreciated our ministry because without seeing those photos, he may have taken the job, which would have been a terrible mistake.

How blessed and encouraged I was after getting off that phone call. I praised God and felt so encouraged to take more and more photos to show the ugly truth of abortion, along with the collaborators of abortion! And, of course, how we must work all that much harder to end this horrible holocaust in our land and restore the rights, protection and personhood of the youngest in our land. To God be the Glory!

Amazing how one call can encourage and refresh us to keep pressing on against this holocaust of abortion. Thank you Jesus!

## Prayer Requested for Sarah Winandy, Assistant Director, Pro-Life Ministries of Duluth

Long-time, dedicated sidewalk counselor Sarah Winandy was recently served with a restraining order by one of the abortion escorts at the WE Health Clinic in Duluth, Minn. The restraining order has prevented Sarah from being on the sidewalk outside the abortion facility, but it is filled with false accusations and Sarah is contesting it. Please pray for Sarah as she goes to court that she would receive justice, the restraining order would be dismissed, and Sarah can return to the sidewalk to continue saving lives and helping women!

# *40 Days for Life Twin Cities — Perfect Peace*

*by Brian Walker*
*Program Director and Twin Cities 40 Days for Life Coordinator*

Forty Days for Life Twin Cities has wrapped up and talking to participants, so many of them had the peace of God and were not worried about the price of gas, the mid-term elections, or the wars around the world.

There is something about stepping out in faith where the majority do not go, that is, the public rights of way in front of abortion facilities around the world, the United States, Minnesota and the Twin Cities.

In our office there is a plaque with scripture from Isaiah 26:3, "You [God], will keep him in perfect peace, whose mind is stayed on you." Our focus on Jesus Christ keeps us steady in the storms of life and especially in the spiritual and cultural storms of proclaiming the sanctity of life openly, boldly, and unashamedly. It a good fit for the motto of 40 Days for Life: "Stopping Abortion Where You Live"

Forty Days for Life Twin Cities has a

# Babies Saved

**So far in 2026, we have documented 56 babies saved! Below are two of these stories. To read more, go to www.plam.org and click on "Babies Saved."**

**We have also had *many* other positive encounters recently with pregnant women or passersby outside all the local abortion facilities while sidewalk counseling. Due to our strict criteria for documentation, we were unable to document these as babies saved specifically through our ministry although some could have been; we just don't have enough information in these cases. Perhaps (but known only to God), it was our prayers drawing down His grace for the mothers to choose life!**

## *Baby Saved in the Midst of Road Work!*

*Condensed from a report by Heidi M., volunteer sidewalk counselor*

God set things into motion for us outside Planned Parenthood (PP) in St. Paul on July 15. The street was being paved and cars had to drive more slowly to navigate the cones. I noticed a woman wearing a veil, slowing down to try to make a left turn into the driveway. I motioned for her to keep driving north on the street. I prayed that she would just keep going, but she turned around and drove into the lot. She did not take literature, but we called out to her as she was going into the building. Less than an hour later, she came out. I called out to her again, but she was on her phone. She sat in her car for about fifteen minutes. As she was driving out, I waved to her and she rolled down her window. She was smiling! I asked her if she had changed her mind and she said "yes." I asked her if it was because of us and she said "yes." I gave her the literature and told her about Abria, the nearby pregnancy resource center. Praise God! I was so grateful for God's saving grace and that I was able to witness this change in heart!

## *Our Billboard Helps Save a Life!*

We trust that our billboards are saving lives, but we don't know specifics unless God reveals that to us. And He recently did with a baby saved back in early May! A woman with an unintended and stressful pregnancy had asked God for a sign that she should not get an abortion; otherwise she was just going to go ahead and abort. The very next day she saw this billboard, took a photo of it from her car, and never considered abortion again. There was no doubt in her mind that this was God's SIGN that she should not abort. This billboard was located near downtown Minneapolis and the precise location had personal significance to this woman. Her baby is due later this fall!

**This billboard helped save a life!**

Interestingly, this was the new, replacement billboard for the one that had been defaced in March at a different Minneapolis location. Also, this billboard was chosen as the location for, of all things, a *Mother's Day* protest by the Minnesota Abortion Action Committee, but our billboard moved to another location off of I-94 near Rogers (as scheduled in our annual "rotary" contract) just days before Mother's Day! God used it so this mother will have a good Mother's Day next year and prevented abortion supporters from protesting it!

## *Pray for . . . Anuja Singh*

Anuja Singh is no longer licensed to practice medicine in Minnesota so we are removing her from the Minnesota list below. Before doing so, however, we ask that you continue to pray for her repentance and conversion to Christ.

Singh worked for Planned Parenthood in the Twin Cities area and for HealthPartners. On a HealthPartners Park Nicollet website four years ago, she listed "abortion care" and contraception as her "Medical interests." She now lists a Florida address with the Minnesota Board of Medical Practice, but currently is not listed with the Florida Board of Medicine.

Please pray that Singh would repent of committing abortions and never again take the lives of innocent children.

### Listing Abortionists

A hallmark of our ministry has been confronting the evil of abortion with the love of Christ. This approach has included publicly identifying who the abortionists are. The practice of placing the names of abortionists in this newsletter has a twofold purpose: to ask for your heartfelt prayers for their conversion and to inform you so that you are not patients of those committing abortions. We have resoundingly condemned any sort of physical or psychological threats to anyone involved in abortion. Our desire is for the love of God to permeate the lives of those associated with abortion, that they will turn away from the harm they inflict and become followers of Christ as so many before them have done. Please pray for the following:

#### Minnesota

Julie Amaon, David Baram, Christy Boraas-Alsleben, Kristi Borowski, Robin Kutil Bresette, Nicole Chaisson, William Cliby, Sean Dowdy, Kathryn Eggleston, Abimbola Famuyide, June Fahrmann, Kimberly Fischer, Hope Frisch, Jamie Gamache, Lynn Hagedorn, Marilee Hanson, Amy Hertz, Judith L. ### Is Your Doctor Involved in Abortions? Does Your Doctor Prescribe Abortifacient Birth Control?

Ask your doctor if he/she does abortions (especially with the current increase and "ease" of prescribing the abortion pill) or refers for them, or prescribes abortifacients such as the Pill, Ortho Evra (the "patch"), Depo-Provera (the "shot"), Nuva-Ring, the "morning-after pill," implants, or the IUD. All these methods (and others) can cause very early abortions by thinning the lining of the uterus so that if breakthrough ovulation occurs (which is possible) and a new life is conceived, the young human being may not be able to attach to the uterine lining and therefore he or she dies. These methods can also be very dangerous, even deadly, to the woman. If you would like the names of completely pro-life physicians, see www.onemoresoul.com/nfp-directory. In Minnesota, you may also call our office at (651) 771-1500.

### Natural Family Planning

*For information about the safe, effective and morally acceptable methods of* ***Natural Family Planning*** *(NFP), contact One More Soul at: 1- 800-307-7685 or www.onemoresoul.com. One More Soul has many resources to help people understand how children are a great blessing from God and how contraception is very harmful to women, and their marriages, and consequently to families, Church and society.*

# 40 Days for Life

(from page 4)

track record and it's one to boast about in the Lord (2 Corinthians 10: 15-17). Two abortion facilities have closed that were 40 Days Twin Cities sites—Health Partners' Regions Hospital and Robbinsdale Clinic.

HealthPartners' Regions Hospital closed in December 2011. Its "Gyn Special Services" abortion unit trained U of M medical students to commit abortions up to 23 weeks gestation. This abortion facility closed for good after seven 24-hour, seven-day-a-week 40 Days for Life campaigns.

Robbinsdale Clinic was the oldest abortion facility in the state and often the largest volume for a sole Minnesota abortionist. Even though there was only one 40 Days for Life campaign there, participants from the northwest suburbs took the opportunity to pray closer to home and work. The Robbinsdale abortion facility closed in December 2024; its sordid legacy of 51 years and approximately 60,000 abortions finally came to an end.

What will be the outcome of 40 Days for Life Twin Cities at its present location in St. Paul's midway area?

The answer is easy. They will close for good. Just like Regions and Robbinsdale, whose owners and administrators swore they would never close, we, in Jesus name, have to declare it and believe they will.

We can do that with confidence because our minds are stayed on Him. See you on the sidewalk.

## *A Note on Year-End Gifts*

Thank you for all your prayers, participation and generous financial gifts that have made it possible for Pro-Life Action Ministries to enjoy an abundance of fruitful activity and accomplishments on behalf of the unborn in 2026, our 45th anniversary year. As we approach this year's end, and the giving season is upon us, please keep our life-saving efforts in mind as you prayerfully consider the year-end gifts you make this season. Please make sure your gift is postmarked by December 31 so that it will count towards 2026. No exceptions. Thank you for boldly defending human life with us!

## *Read our Sunday Updates!*

Go deeper into the various pro-life topics each Sunday with our acclaimed e-mails. Gain knowledge that will help you articulate and defend the pro-life message!

To sign up for these e-mails, go to *www.plam.org/newsletter*. Once you sign up, you will also have access to the archives of previous Sunday Updates.

You don't want to miss these very informative, yet brief, Sunday Updates which include timely material on national and international life issues that we do not have space to cover in this bi-monthly newsletter.

(If you've already given us your e-mail address, but are not seeing our Sunday Update messages, look in your "Junk" or "Spam" folder and allow these e-mails.)
